Microsoft Visio

The screenshot displays the Microsoft Visio application window titled "FabrikamPackaging.vsd - Microsoft Visio". The interface includes a menu bar (File, Edit, View, Insert, Format, Tools, Data, Shape, Window, Help), a toolbar with various drawing tools, and a ribbon with the "Theme" tab selected. The main workspace shows a flowchart titled "Packaging and Storage Process" divided into three sections: Manufacturing, Packaging, and Shipping. The flowchart starts with a red "Start" oval, followed by a blue rectangular process box "Insert units in boxes" in the Manufacturing section. This leads to another blue box "Stack specified number of boxes in crate". A decision diamond "Paperwork verified?" follows. If "Yes", the flow goes to a blue box "Seal crate and attach appropriate paperwork" in the Packaging section, then to a blue box "File paperwork according to the procedure" in the Shipping section, and finally to a red "End" oval. If "No", the flow goes to a blue box "Communicate" in the Packaging section, then to a blue box "Ensure corrective action" in the Packaging section, which loops back to the "Seal crate..." box. The left sidebar shows a "Shapes" task pane with a search box and a list of shapes categorized by "Basic Flowchart Shapes (US units)" and "Department (US units)". The right sidebar shows a "Theme - Colors" task pane with options for "Theme Colors", "Theme Effects", and "Apply theme colors:" with a "Built-In" section containing various theme color and effect options. The status bar at the bottom indicates "Overall process" and "Page 1/5".
