# Addition lessons

Brandy ran  $1\frac{4}{5}$  miles.  
Steve ran  $1\frac{1}{3}$  miles.  
How much farther did Brandy run than Steve?

## FRACTION Word PROBLEMS

$\frac{14}{12}$

30  
9

32 TASK CARDS

1/2 of the students at our school take a bus to school, 2/5 of the students are driven to school by a parent and the remaining students walk to school. What fraction of the students walk to school?

My grandmother made scarves for her grandchildren, 3/8 of the scarves are blue, 1/4 of the scarves are black, and the remaining scarves are red. What fraction of the scarves are red?

I purchased 20 pounds of apples. I used 10 2/3 of the bags. How many bags do I have left?

Sarah and Beth baked cookies for the bake sale. 1/4 of the cookies she used were shortbread cookies, 1/2 of the cookies were chocolate chip cookies and the remaining cookies were peanut butter cookies. What fraction of the cookies were peanut butter cookies?

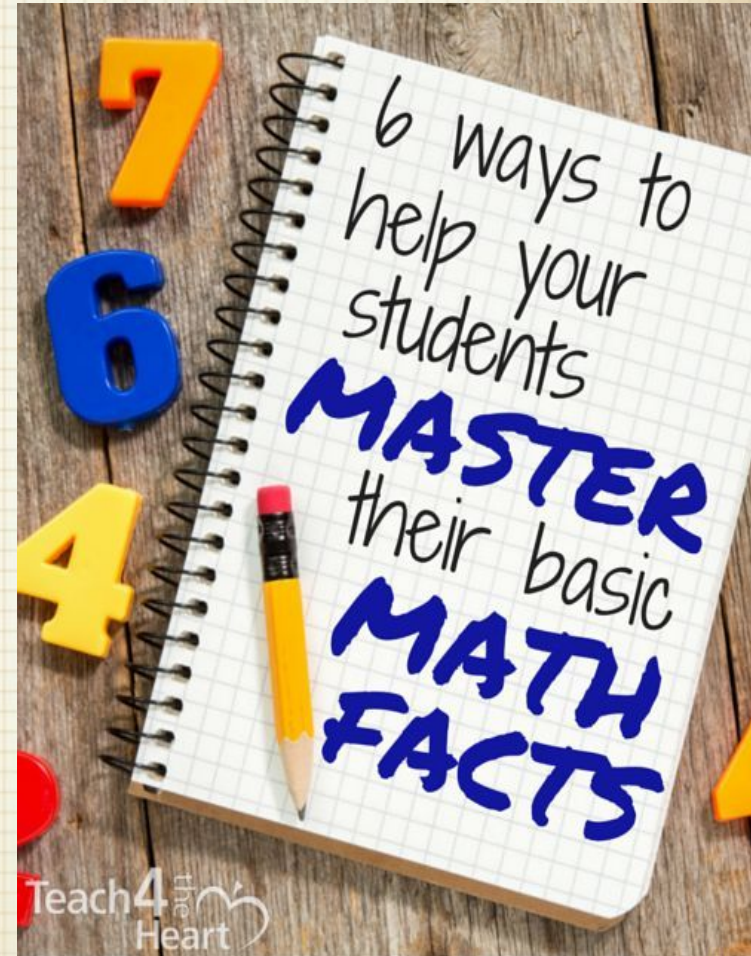

I have 12 coins in my pocket, 1/3 of the coins are quarters, 1/2 of the coins are dimes and the remaining coins are pennies. How much money do I have in my pocket?

Dad bought 3 pounds of carrots. He used 1 1/2 pounds of the carrots in a stew. How many pounds of carrots does Dad have left?

Answer Key - Fraction Word Problems

1/2 pounds	1 1/2 pounds	5/8 of a mile	2 3/8 cups
1 1/2 pounds	1 5/12 bars	1 1/2 pounds	7/15 of a mile
3 1/2 gallons	1/4	20 1/4 pounds	2 2/3 pounds
1/10	3/8	\$1.62	1 1/3 pounds
