Reliable solutions

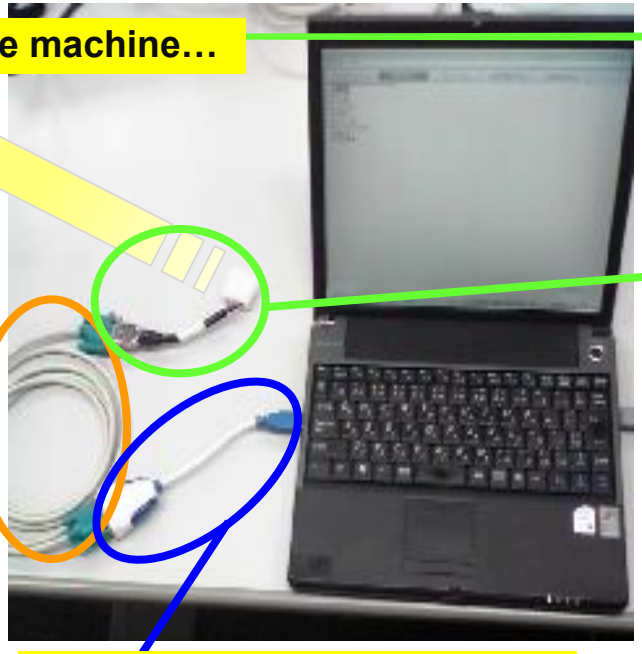
To the machine…



Needs to confirm the ports of your computer

Interlink cross cable (P/No. 4668565)

USB conversion cable (P/No. E0A000569

<Connecting cables>

ZX-3/ZW (P/No. 3108613)

For ZX-1/EX (P/No. 4476512)

For Giant Size/Dump (P/No. 4486988)

4. Cables needed (PC to ZX-3/ZW)

HITACHI

Reliable solutions

For good operation of the WinDr program HCME recommends the following cables:

- EasySync (US232/-L) (US232R-10/100)
- Quatech (SSU2-100)

5. Simulator

HITACHI

Reliable solutions

Advantages Simulator

- Dr.ZX and Security for PDA can be used on laptop (8 languages)
- Palm image can projected easily on a big screen
- Older OS can be used, for example Windows 98
- Same cables as WinDR and Security
- Can be downloaded from http://www.accessdevnet.com/

Thank you for your attention
