

Russian festivals

I think what the main Russian holidays is 9 may and new year.

The holiday of May 9 is connected with the end of the Great Patriotic War. It is celebrated all over the country. A special feature of the holiday is the parade on the red square.

- I think this is an important occasion in the history of our country.

New Year is a holiday that is celebrated in every family. It was introduced under Peter the Great in the 18th century.

- Most often, the new year is associated with presidential speech and fireworks. For the new year people usually cook a lot of tasty food and watch TV.
