WONDER WHEELS

TWO GREAT NEW LOOMS FOR GREAT NEW PROJECTS

These circular looms make it easier than ever to create beautiful crafts—and we've made it super easy for you to get started because they're right here ready to use! How do they work? It's simple—just wrap your material back and forth across the loom in figure eights to form lovely flower-like circles. Then you use these circles to make everything from the gorgeous **sweater** here to simple dress-ups for plain towels. Design possibilities are unlimited—you can work with anything from gold braid to chenille. Plus, we give you two loom sizes to work with. Turn the page for more fabulous ways with our wonder wheels. Then see our easy-to-follow how-to's, page 128. By LESLIE KYRKOSS

In the Business Hotel for Women, where many models live, she often has energy to do exercises that models have made.

And while the pretty never girls did their leading exercises (bottom picture) Rita looked on well, and she had had strong
