

# Сказки А.С. Пушкина

The image shows the front cover of an antique book. The cover is made of a dark brown material, possibly leather or cloth, with a complex, embossed floral and foliate pattern. The pattern consists of swirling, interlocking designs that cover the entire surface. In the center of the cover, the title is printed in two lines of large, gold-colored, Gothic-style capital letters. The first line reads "ГЕРОВИ" and the second line reads "СКАЗОК". The gold lettering has a slight shadow, giving it a three-dimensional appearance against the textured background.
