BASIC

INCOME

# Are you tired of afraid for their future?

Today, fewer and fewer people required for the production of goods and services!  
Every day more and more people are reduced !

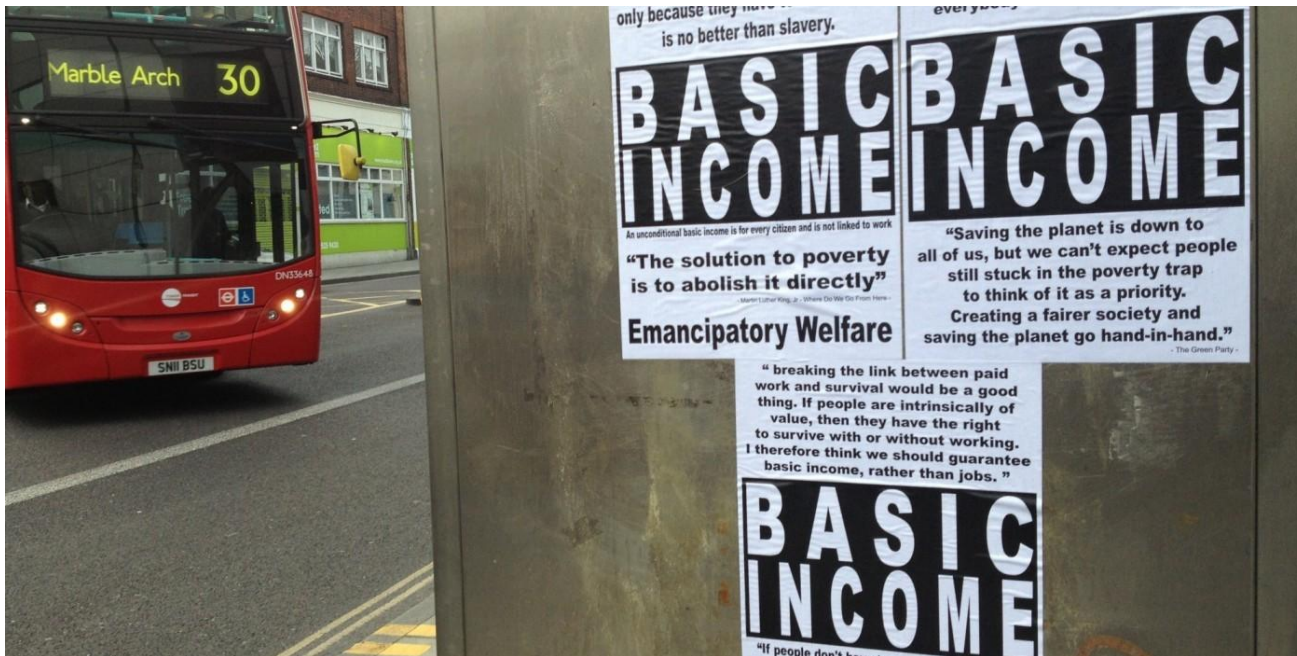

**Are you tired of economize?**

# We are for a worthy life!

# We promise:

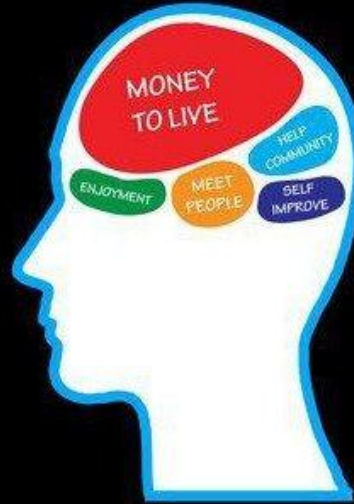

we guarantee a basic income

we will eliminate inequality and poverty

instead ghostly benefits - of 30 000 rubles real money

## HUMAN REASONS TO WORK

Before Basic Income

After Basic Income

# How can this be?

The money will be allocated at the expense of redistribution of funds from social programs and taxes.

Every person from birth should receive a share of the public wealth.

It should not depend on his abilities, needs and contribution to the economy.

- We can do what is interesting!
- You no longer need to be afraid of dismissal !
- It does not depend on the presence of other income !

**What do you need?**

**Only to be a citizen of Russia!**
