- Company
- Our Mission
- Testimonials

Roxstar Customs, a women owned business, was initially created in 2004 after 18 years of various roles and positions within the Telecom/technology industries and combining those experiences from some of the nations largest providers.

We realized that customers deserved and desired more choices, better prices, more support and professional consultation. We formed Roxstar Customs with this in mind. We wanted to provide our customers with the most diverse selection of products and services.

Our core values are the foundation of our success:

**Integrity** – We make responsible decisions and suggestions based on high standards.

**Accountability** – We are empowered to take ownership of our actions.

**Teamwork** – Working together as a team with our valued customers and partners is critical to our success.

**Innovation** – We encourage thoughtful, creative, and inspirational solutions.

**Growth** – We work to help our customers grow, which in turn helps us to grow.

We can create just about any custom or promotional product you are looking for or need. We are here to bring you the products you need, at the best price, from the best suppliers.
