DEFINITION

Advertising - public information of the firm for potential buyers, consumers about goods and services, about their quality, advantages, advantages, as well as about the merits of the company itself.

Public Relations is the communicative activity of the company aimed at creating harmonious relations with the society, establishing and maintaining effective relations with useful audiences, studying public opinion and responding to it.

TIME

Advertising is a time-limited company for throwing information about a product or service into the public space

the PR mechanism is focused on building continuous relationships with different social groups

MAIN GOAL

Sales of goods and / or services

Creation and management of the image

NATURE OF WORK

Served discretely, intermittently

A continuous and systematic process

OBJECT

Product and / or service

Ideology, worldview, fashion, style, brand, etc.

CUSTOMER

Subdivisions of the company

Management of a company, party, region

CONCLUSION

PR is a strategy, and advertising is a tactic of success

However, the categories "**advertising**" and "**PR**" unite the concept - "management of opinion".
