**Вот поезд идёт наш,
Колёса стучат,
А в поезде нашем
Ребята сидят.**

**Чу-чу-чу, чу-чу-чу!
Бежит паровоз,
Ребят он повёз.**

Белки и орех

**Белки для потехи
Щёлкали орехи.
Как расколется орех,
Слышен белок
звонкий смех!**

**Сосчитать бы только
Раскололи сколько?
Посчитай ещё и те,
Что остались в
скорлупе.**

По дорожке мышка шла,
Четыре яблока несла,
Два – зайцу отдала,
Остальные в кладовку убрала.

Исправь ошибки:

Расположите числа в порядке убывания.

3	6	1	2	5	4
---	---	---	---	---	---

Расставьте числа в порядке убывания и узнаете, о чём мы будем сегодня говорить на уроке.

6	5	4	3	2	1
