

Тема урока: «Вычитание групп предметов. Знак «-»»

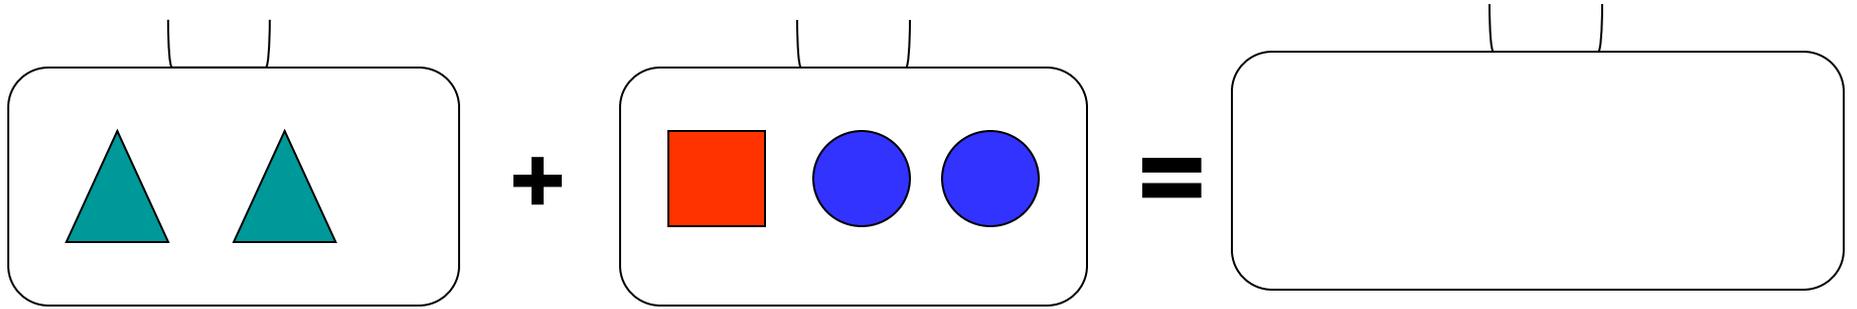

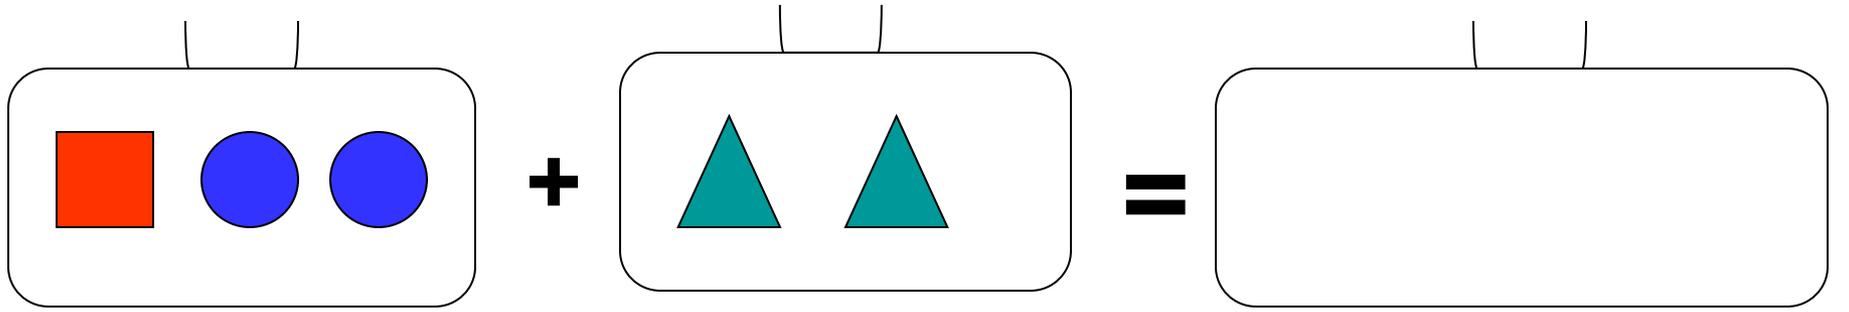

Цель: 1) Уточнить представление о сложении как объединении групп предметов, сформировать способность к записи операции сложения с помощью знаков $+$, $=$;

2) Познакомить с названием компонентов сложения, ввести в речевую практику термины «слагаемое», «сумма», «выражение»;

3) Тренировать мыслительные операции, речь, творческие способности учащихся.
