

"Летний марафон интерактивных презентаций"

Арифметический кроссворд

по теме «Сложение и вычитание в пределах 10»

Математика

1 класс

Шипилова В.В., учитель начальных классов
ТБОУ СОШ с.Новокуровка
Хворостянский район
Самарская область

Посмотри на арифметический кроссворд и принимайся за дело. Твоя задача - решить все примеры и вставить недостающие числа в клеточки. Нужную цифру выбирай на пульте. Итак, вперед! У тебя всё получится!

A cartoon boy with orange hair, wearing a white shirt and blue pants, is holding a red pencil and looking at a stack of papers. A red triangle points to the number 7 in the equation $8 - 7 = 1$.

A vertical panel containing a grid of numbers in orange rounded rectangles:
