З.

?
~~≠~~

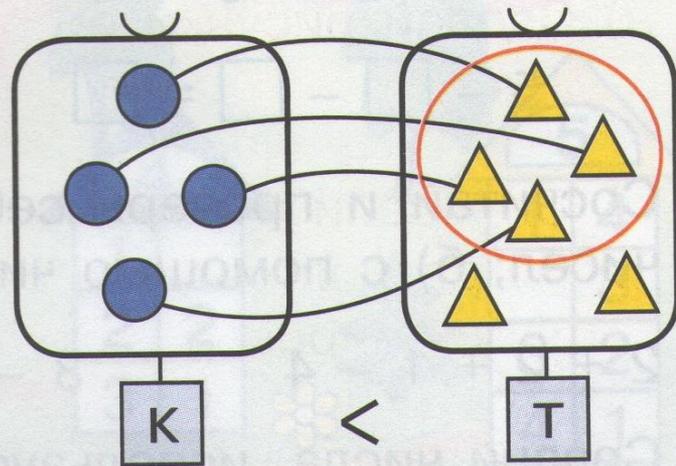

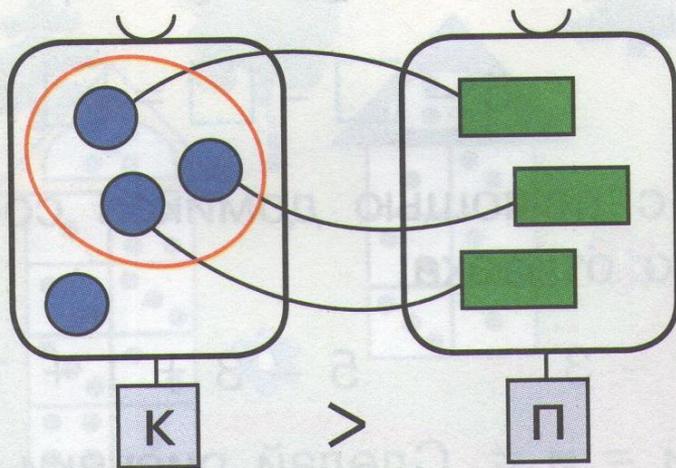

Б.

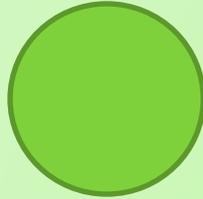

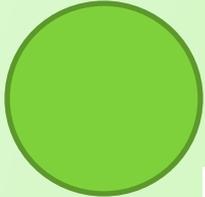

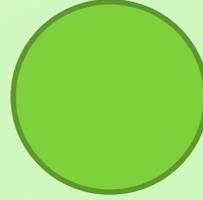

Больше, меньше

Diagram 1: A large rounded rectangle containing two smaller rounded rectangles. The left rounded rectangle contains two white squares, each with a blue rabbit illustration. The right rounded rectangle contains three white squares, each with a brown squirrel illustration. Below the left rounded rectangle is a vertical line leading to a gray square. Below the right rounded rectangle is a vertical line leading to a gray square. Between these two vertical lines is an empty white square.

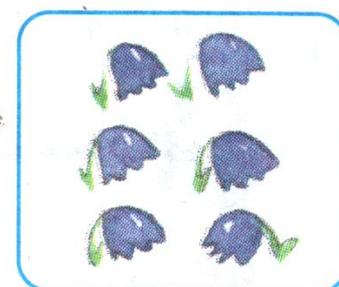

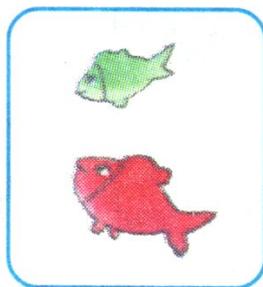

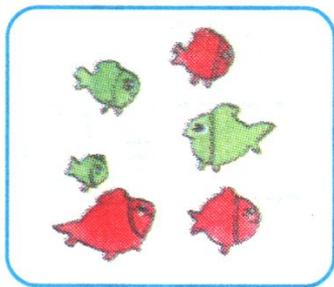

Diagram 2: A large rounded rectangle containing two smaller rounded rectangles. The left rounded rectangle contains four white squares, each with a blue rabbit illustration. The right rounded rectangle contains three white squares, each with a brown squirrel illustration. Below the left rounded rectangle is a vertical line leading to a gray square. Below the right rounded rectangle is a vertical line leading to a gray square. Between these two vertical lines is an empty white square.

Сравнение по количеству. Знаки $>$ и $<$.

1 Где спрятался знак «больше», а где – знак «меньше»?

>

- больше

<

- меньше

A matching exercise on a light green background. On the left, a rounded rectangle contains two identical illustrations of green trees. On the right, another rounded rectangle contains three acorns. Two black lines connect the trees to two of the acorns. A red outline highlights two of the acorns. Below the tree group is a white box with the blue number 2. Below the acorn group is a white box with the blue number 3. Between these two boxes is a white box with a blue less-than sign (<).

A matching exercise on a light green background. On the left, a rounded rectangle contains five sunflowers. On the right, another rounded rectangle contains four blue butterflies. Three black lines connect the sunflowers to three of the butterflies. A red outline highlights three of the sunflowers. Below the sunflower group is a white box with the blue number 5. Below the butterfly group is a white box with the blue number 4. Between these two boxes is a white box with a blue greater-than sign (>).
