

ПЧЕЛКА МАЙЯ – ПУТЕШЕСТВЕННИЦА

ИГРА-ТРЕНАЖЕР ПО МАТЕМАТИКЕ 3 КЛАСС

Автор: Кулакова Наталья Ивановна
Учитель начальных классов
Государственного учреждения образования
«Средняя школа № 26 г. Гродно», Беларусь
2014 год

Дорогой друг!

Если ты сможешь правильно решить все примеры, пробегающие вверху, и откроешь волшебные соты, то узнаешь, где побывала Майя во время своего путешествия.

Желаю удачи!

A honeycomb grid of 18 hexagonal cells arranged in three rows of six. The cells contain the following content from top-left to bottom-right:

- Row 1: 16, 14, a blue sky with white clouds, 22, a cartoon bee with yellow and black stripes and white wings, and an empty cell.
- Row 2: 18, an empty cell, 20, a pyramid in a desert landscape, and an empty cell.
- Row 3: 17, an empty cell, an empty cell, an empty cell, and 15.

Дальше

A honeycomb grid of 19 hexagonal cells. The numbers 16, 14, 17, 18, 20, 21, and 15 are placed in the following cells: 16 (top-left), 14 (top-middle), 17 (middle), 18 (top-right), 20 (far-right), 21 (middle-right), and 15 (bottom-right). The top-middle cell contains a blue sky with white clouds. The middle-left cell contains a brown pyramid. The bottom-left cell contains a cartoon bee. The middle-right cell contains a brown pyramid. The remaining cells are empty.

A grid of 18 hexagonal cells arranged in a honeycomb pattern. The cells contain the following content:

- Top row: 36, empty, blue sky, empty, dark blue sky.
- Second row: blue sky, 32, 40, 46, empty.
- Third row: Great Pyramids, 34, 40, Great Pyramids, empty.
- Bottom row: 38, empty, 26, empty, cartoon bee.

A large hexagonal grid is overlaid on a background image of the Great Pyramids of Giza in a desert. The grid consists of several hexagons, some of which contain numbers. The numbers are arranged in a pattern that suggests a sequence or a path. The numbers are: 19, 21, 20, 17, 16, and 18. There are also several empty hexagons within the grid.

A honeycomb grid of 18 hexagonal cells. The numbers 6, 7, 8, 9, 10, 11, and 12 are placed in the following cells: 6 (top row, 2nd cell), 11 (2nd row, 1st cell), 12 (2nd row, 3rd cell), 10 (3rd row, 1st cell), 7 (3rd row, 2nd cell), 8 (4th row, 1st cell), 9 (5th row, 1st cell). The grid is decorated with images: a bee flying in the top right, palm trees in the top left, and a cave entrance in the bottom right.

Дальше

A large honeycomb grid composed of yellow hexagons with dark brown outlines. The grid is partially filled with numbers and background images. The numbers are: 10 (leftmost), 9 (top-left), 5 (top-middle), 7 (middle), 4 (top-right), 8 (bottom-left), and 6 (rightmost). The background images include palm trees on the top and a waterfall on the bottom. The numbers 10, 9, 5, 7, 4, 8, and 6 are written in a bold, dark green font. The grid is set against a light yellow background.

Дальше

A large hexagonal grid composed of 18 individual hexagons, arranged in a honeycomb pattern. The grid is set against a background of a tropical landscape featuring palm trees, a waterfall, and a stone path. The numbers are displayed in a bold, dark green font. The numbers are: 85 (leftmost), 100 (top-left), 96 (top), 84 (top-right), 95 (middle), 80 (bottom-left), and 90 (bottom). The remaining hexagons are empty.
