

ПЧЕЛКА МАЙЯ – ПУТЕШЕСТВЕННИЦА

ИГРА-ТРЕНАЖЕР ПО МАТЕМАТИКЕ 3 КЛАСС

Автор: Кулакова Наталья Ивановна
Учитель начальных классов
Государственного учреждения образования
«Средняя школа № 26 г. Гродно», Беларусь
2014 год

Дорогой друг!

Если ты сможешь правильно решить все примеры, пробегающие вверху, и откроешь волшебные соты, то узнаешь, где побывала Майя во время своего путешествия.

Желаю удачи!

A honeycomb grid of 18 hexagonal cells arranged in three rows of six. The cells contain the following content from left to right, top to bottom:

- Row 1: 16, 14, a blue sky with white clouds, 22, a cartoon bee with yellow and black stripes and white wings.
- Row 2: 18, an empty cell, 20, a pyramid in a desert landscape, an empty cell.
- Row 3: 17, an empty cell, an empty cell, an empty cell, 15.

Дальше

A honeycomb grid of 19 hexagonal cells. The numbers 16, 14, 17, 18, 20, 21, and 15 are placed in the following cells: 16 (top-left), 14 (middle-left), 17 (center), 18 (middle-right), 20 (top-right), 21 (middle-right), and 15 (bottom-right). A cartoon bee is in the bottom-left cell. A blue sky with clouds is in the top-middle cell. A pyramid is in the middle-left cell. A desert landscape with a pyramid is in the bottom-middle cell.

A grid of 18 hexagonal cells arranged in a honeycomb pattern. The cells contain the following content:

- Top row: 36, empty, empty, empty
- Second row: image of a pyramid, 32, image of clouds, 46, image of a dark sky
- Third row: image of a pyramid, 40, image of a pyramid, empty
- Fourth row: 38, 34, 26, image of a bee
- Bottom row: empty, empty, empty, empty

The image shows a large hexagonal grid with a background image of the Great Pyramids of Giza in a desert. The grid is composed of several hexagons, some of which contain numbers. The numbers are arranged in a pattern that suggests a sequence or a path. The numbers are: 19, 21, 20, 17, 16, and 18. There are also several empty hexagons, some of which are at the top and bottom of the grid.

A honeycomb grid of 18 hexagonal cells. The numbers 6, 7, 8, 9, 10, 11, and 12 are placed in the following cells: 6 (top row, 2nd cell), 11 (2nd row, 1st cell), 12 (2nd row, 3rd cell), 10 (3rd row, 1st cell), 7 (3rd row, 2nd cell), 8 (4th row, 1st cell), 9 (5th row, 1st cell). The grid is decorated with images: a bee flying in the top right, palm trees in the top left, and a cave entrance in the bottom right.

Дальше

A large honeycomb grid composed of light yellow hexagons with dark yellow borders. The grid is partially filled with numbers and background images. The numbers are: 10 (leftmost), 9 (top-left), 5 (top-middle), 7 (middle), 4 (top-right), 8 (bottom-left), and 6 (rightmost). The background images include palm trees on the top and a waterfall on the bottom.
