

A vibrant, stylized illustration of a winter night. The scene is dominated by deep blues and purples, with soft white snow falling from a starry sky. In the foreground, a wooden bridge with a simple railing crosses a stream. The banks are covered in thick, fluffy snow. In the middle ground, a small wooden cabin with warm, glowing lights inside sits on a snowy bank. To the right, another wooden structure, possibly a porch or a small house, is partially visible. In the background, a church with a prominent golden dome and a blue roof stands amidst snow-laden evergreen trees. A small, fluffy bird is perched on a bare tree branch on the left side of the frame. The overall atmosphere is peaceful and enchanting.
