Как к 9 синим кружкам прибавить 4 красных?

Сначала дополним 9 до 10.

Сколько ещё осталось прибавить? **3**

Почему 3?

Записать это можно так:

$$9+4=10+3=13$$

10 б.

на 1 б. меньше

$$10-1=9 \text{ (б.)}$$

Сколько всего баллов получил мальчик за упражнения?

$$10-1=9 \text{ (б.)}$$

$$10+9=19 \text{ (б.)}$$

Спасибо за
работу
