A whimsical illustration of a young girl with short brown hair, wearing a green and yellow striped shirt and white wings, sitting on a large orange and yellow flower. She is holding an open book and appears to be reading. A vibrant rainbow arches over her, set against a blue sky with white clouds and sparkling stars. The background transitions to a soft green field with other flowers and clouds.

Самуил Маршак
«Весёлый счёт»

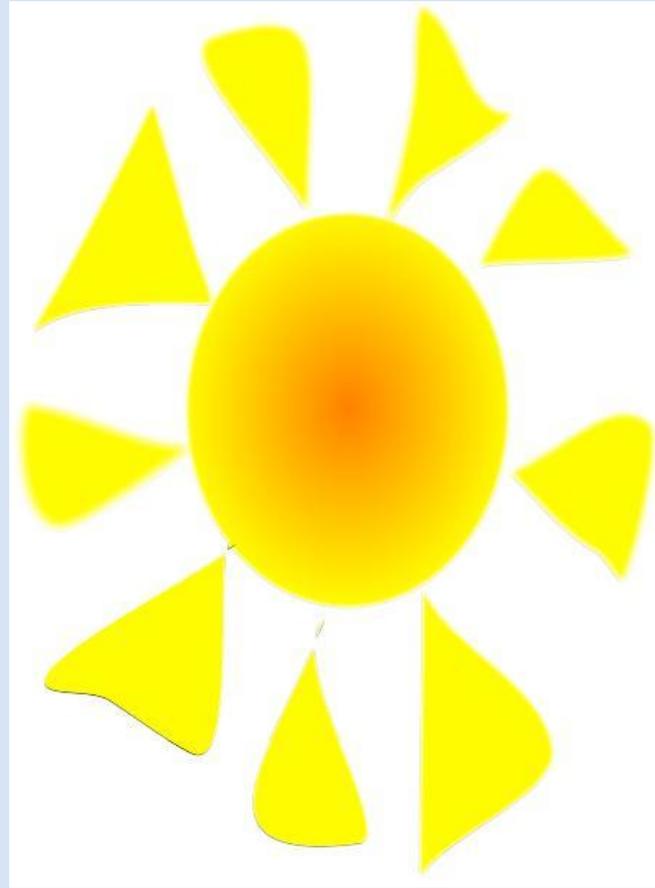

**Цифра вроде буквы О –
Это ноль, иль ничего.**

**Круглый ноль такой хорошенький:
Не содержит ничегошеньки!**

1

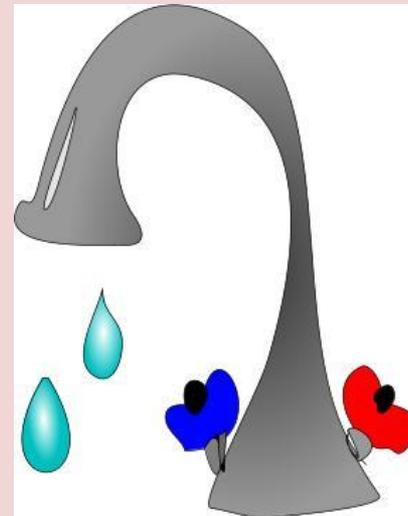

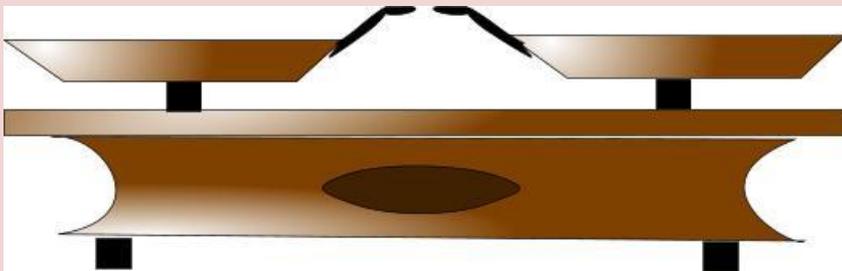

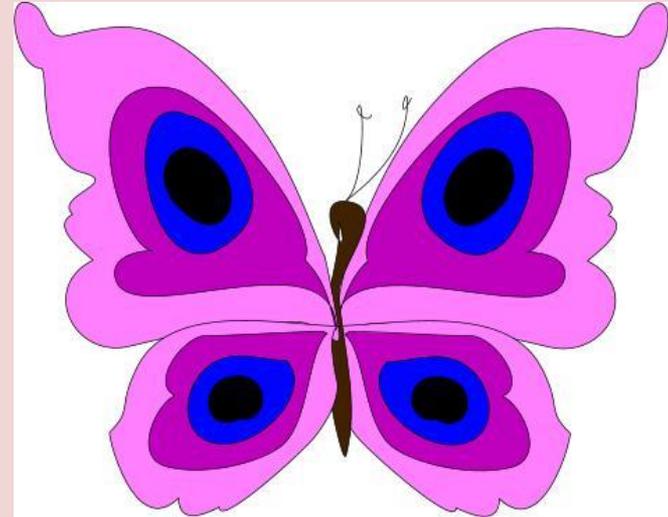

**Вот один, иль единица,
Очень тонкая, как спица.**

2

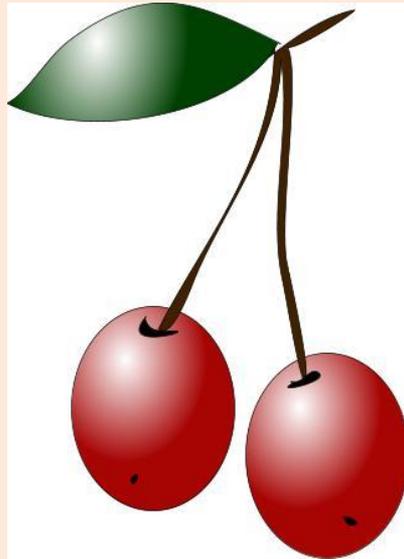

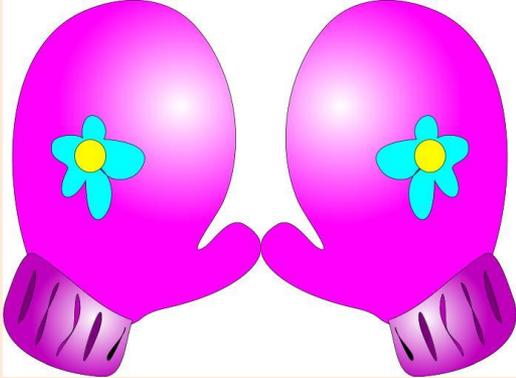

**А вот это цифра два.
Полюбуйся, какова!
Выгибает двойка шею,
Волочится хвост за нею.**

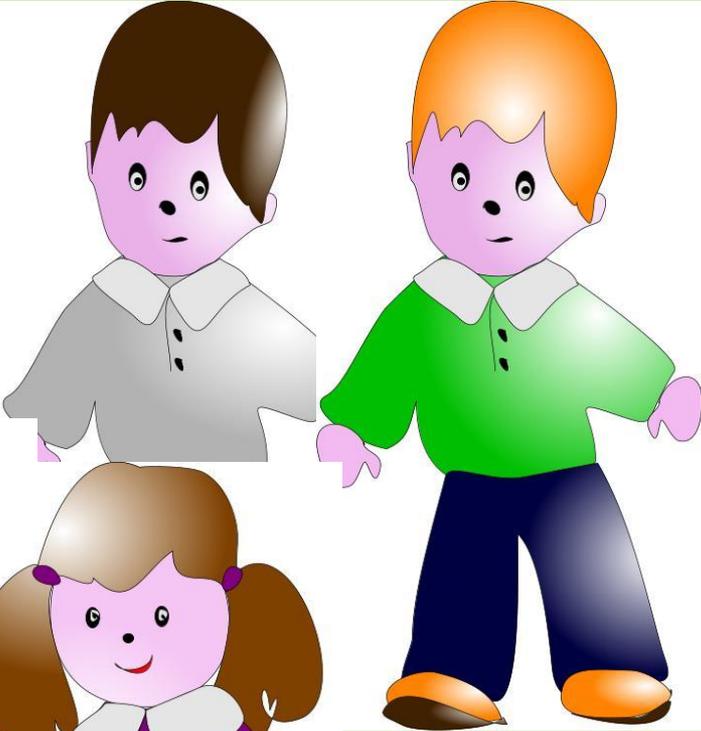

СКОЛЬКО?

2

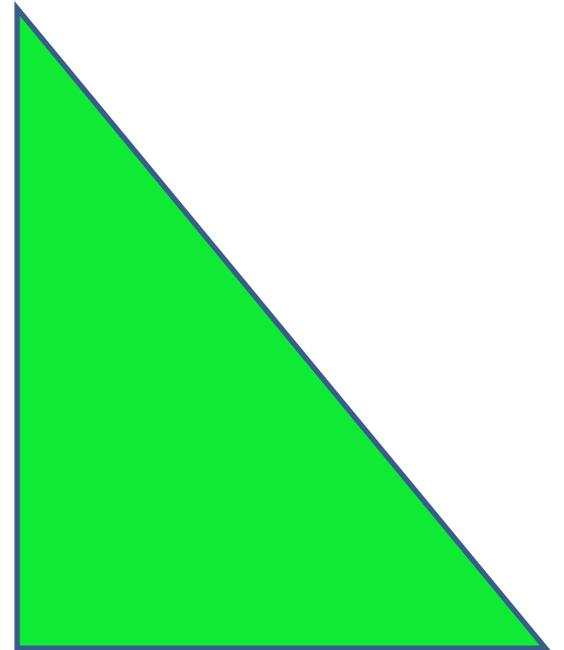

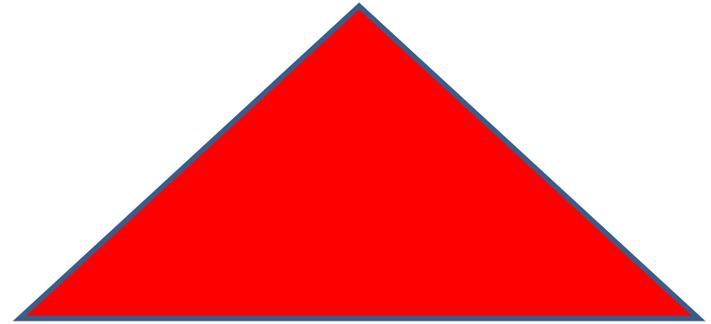

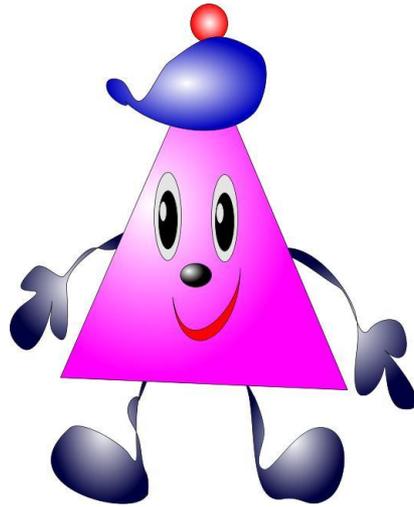

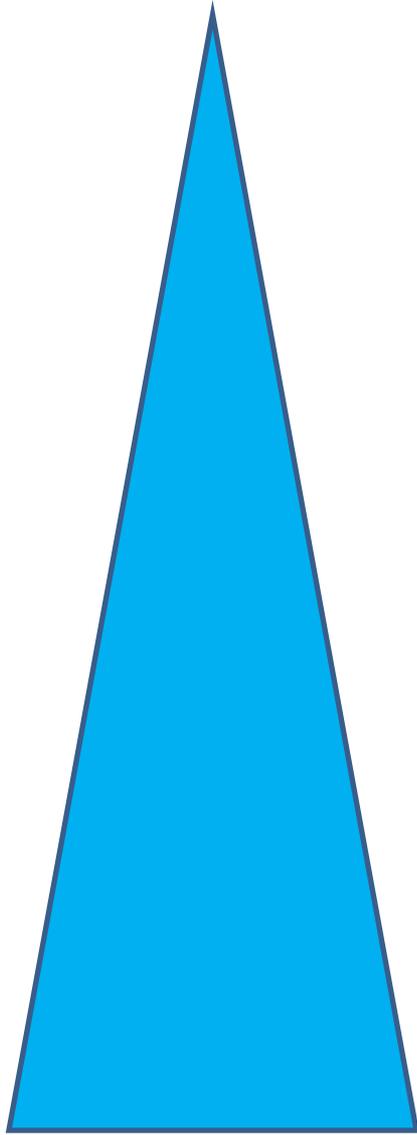

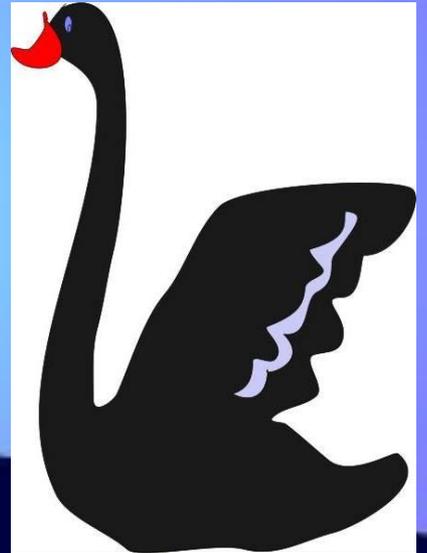

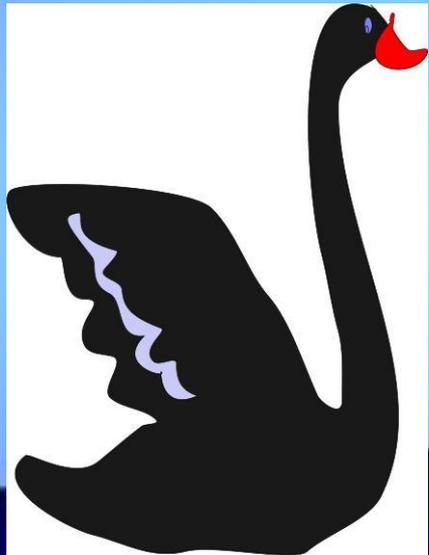

З

**Тройка – третий из значков –
Состоит из двух крючков.
Вслед за ней число четыре
Идёт, локоть оттопыря.**

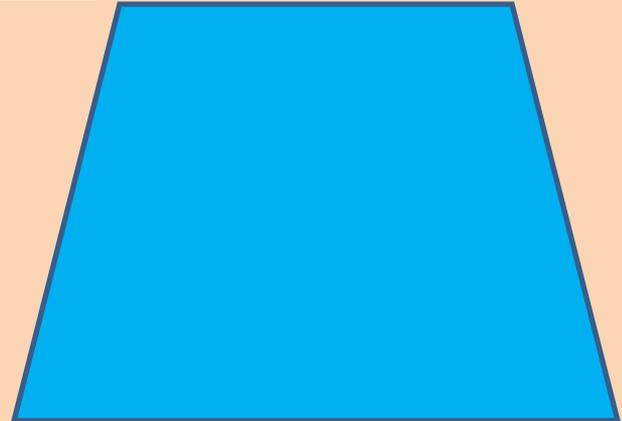

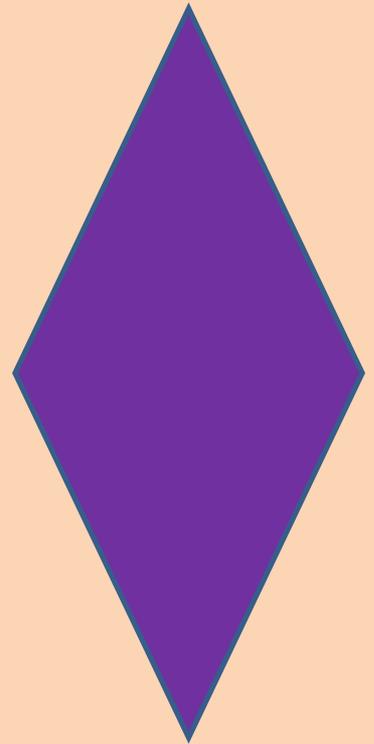

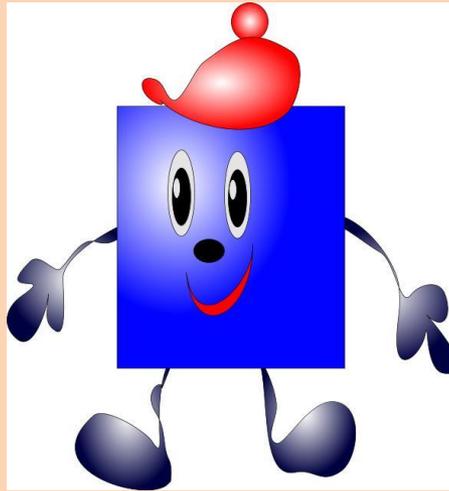

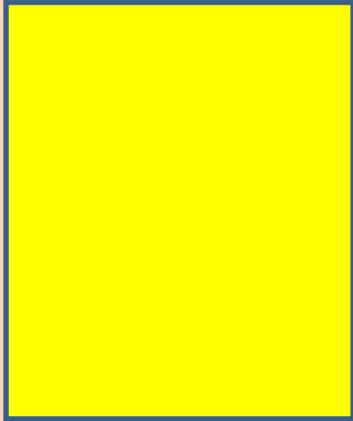

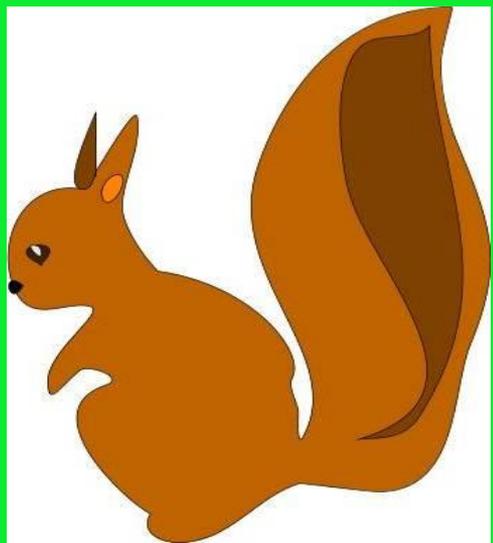

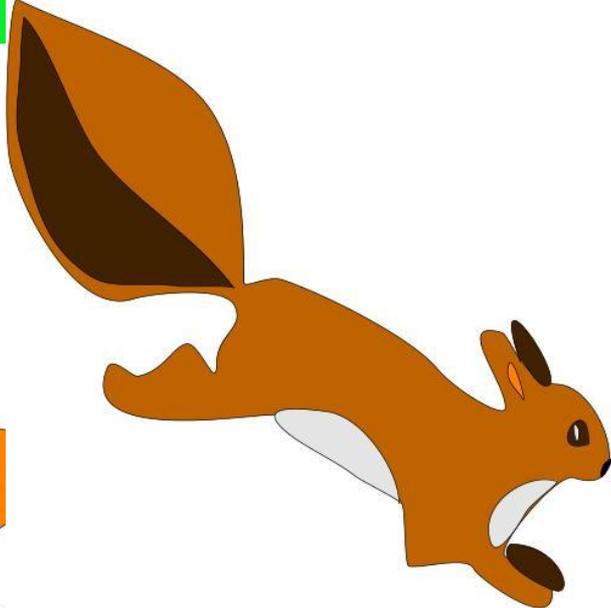

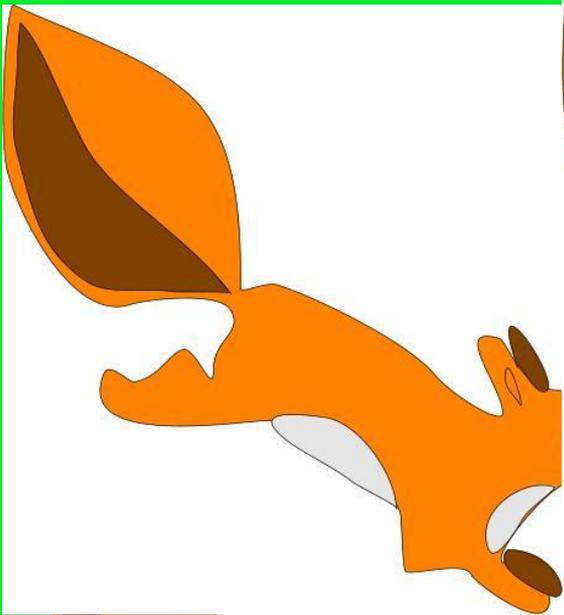

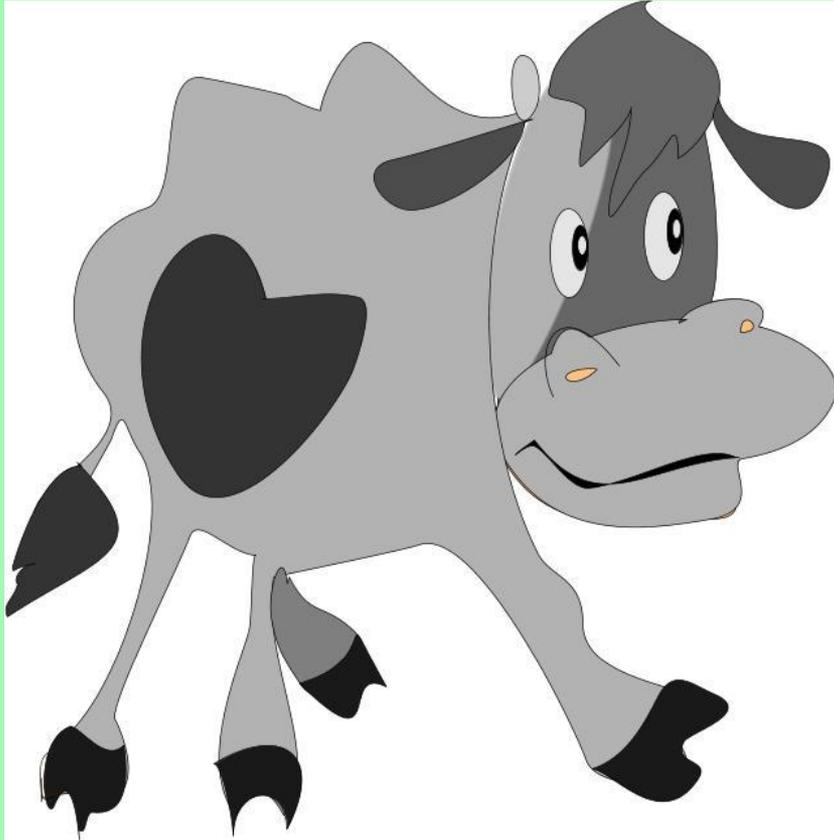

4

**Четыре в комнате угла,
Четыре ножки у стола,
И по четыре ножки
У мышки и у кошки.**

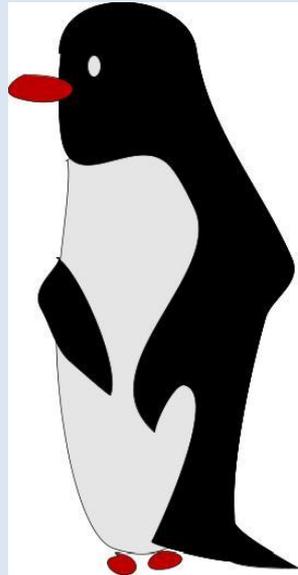

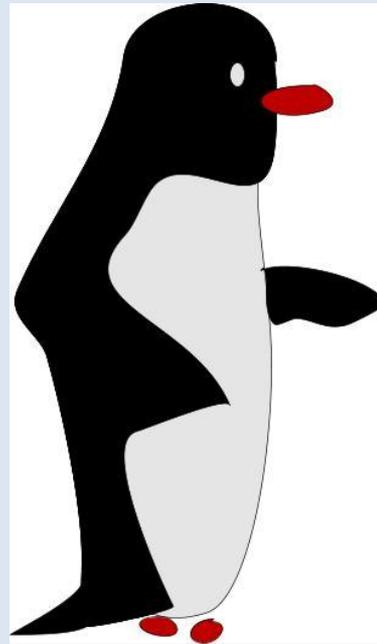

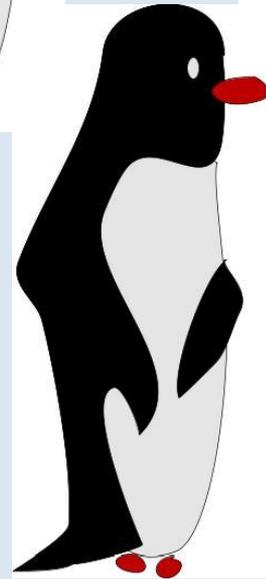

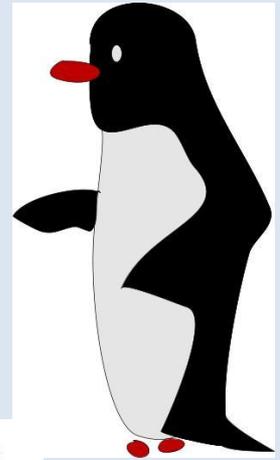

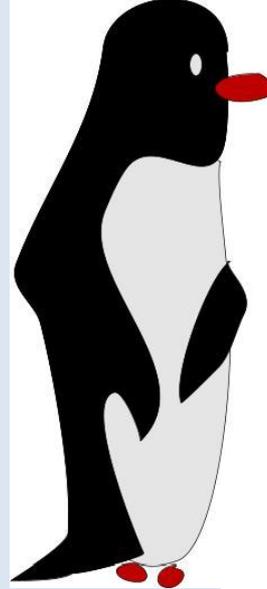

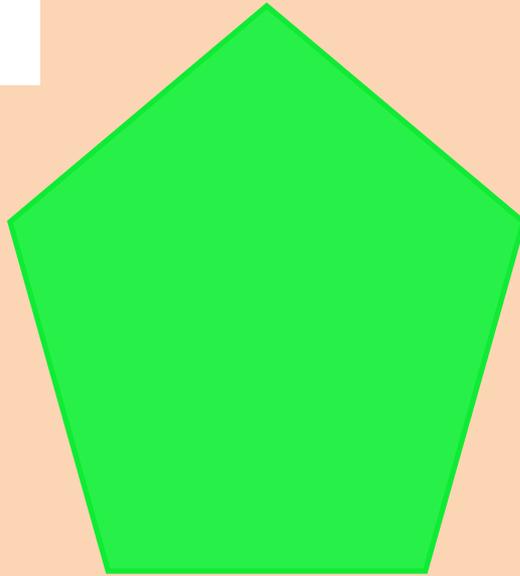

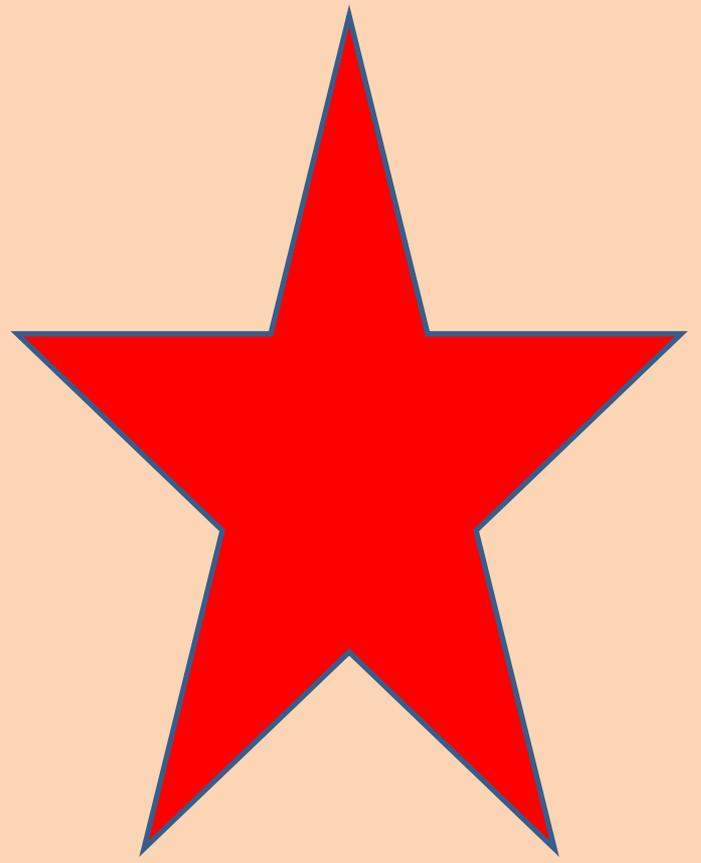

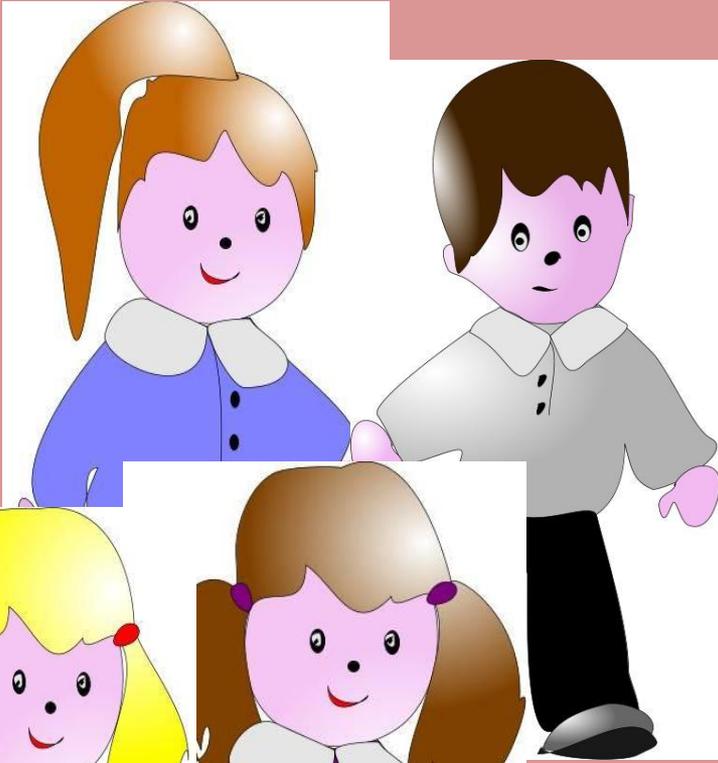

5

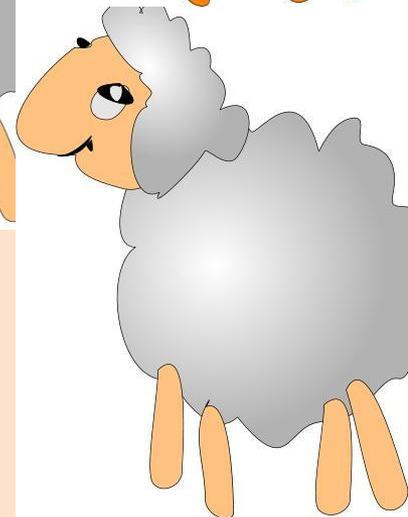

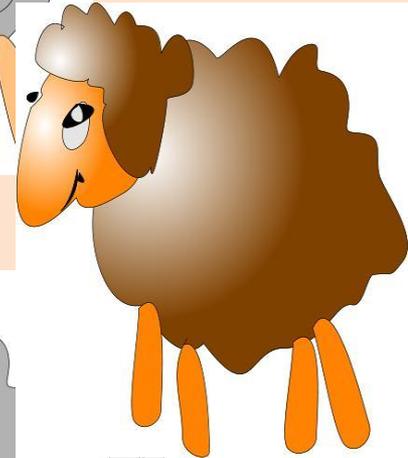

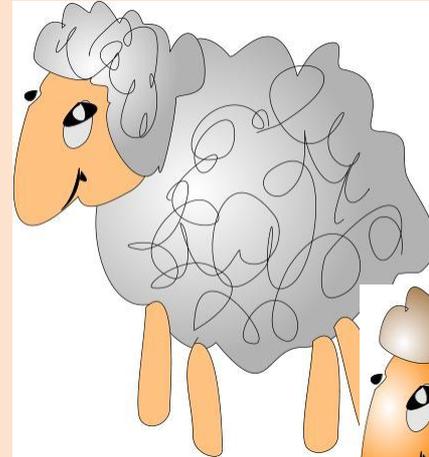

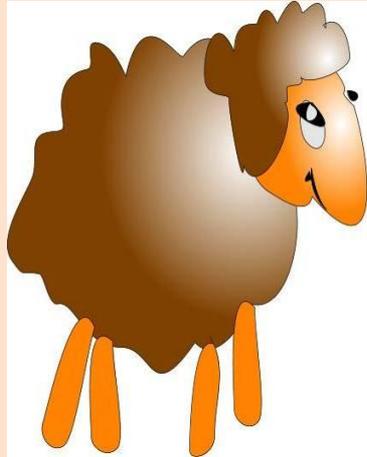

**А потом пошла плясать
По бумаге цифра пять.
Руку вправо потянула,
Ножку круто изогнула.**

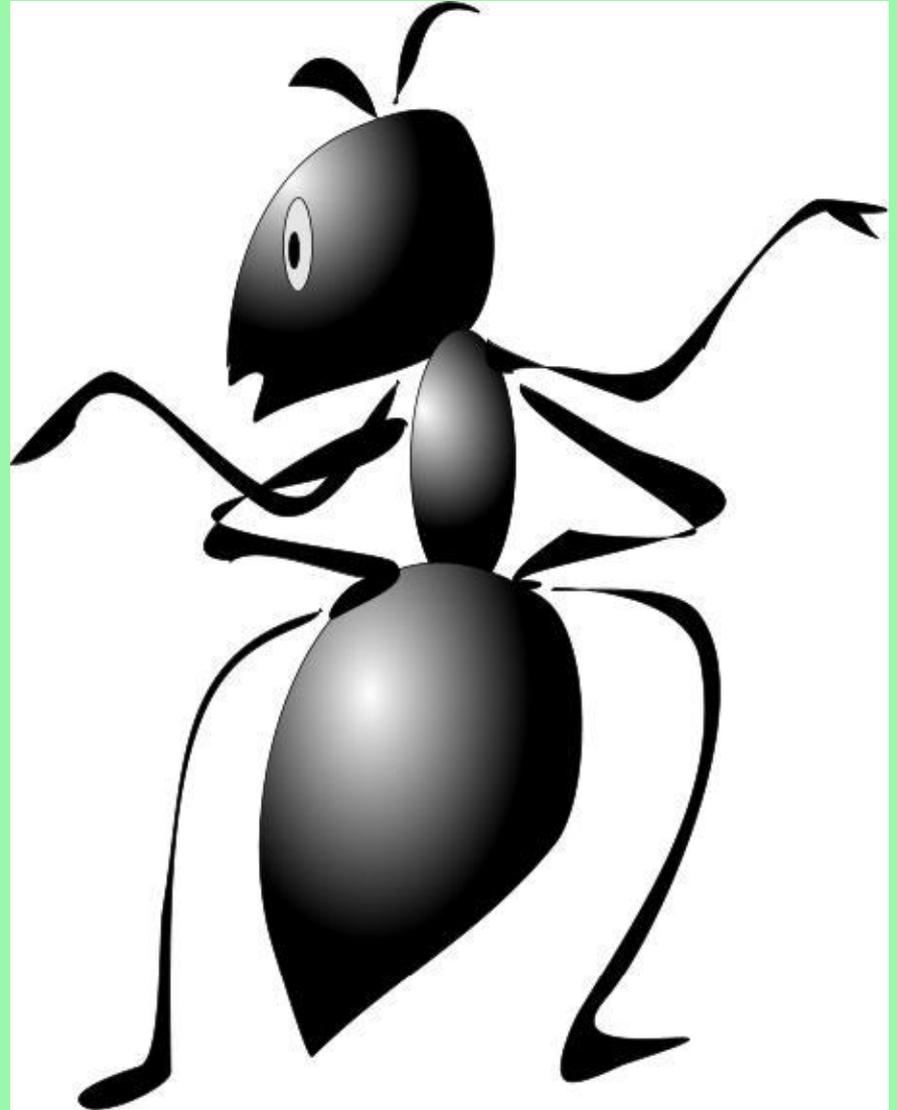

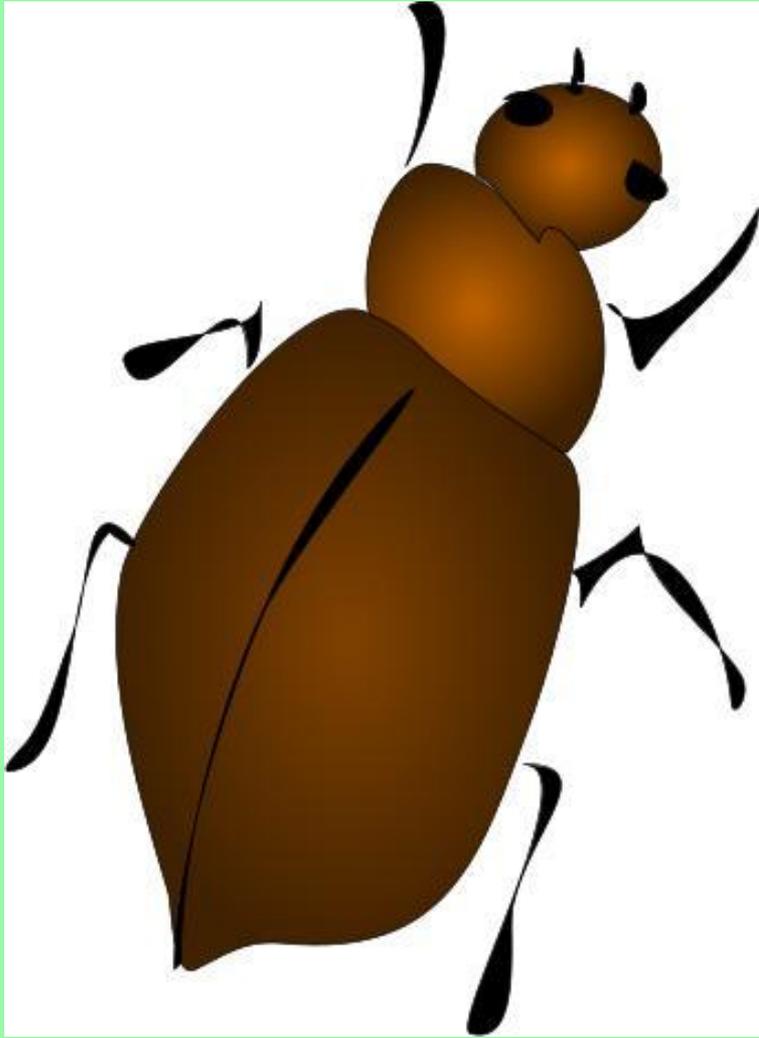

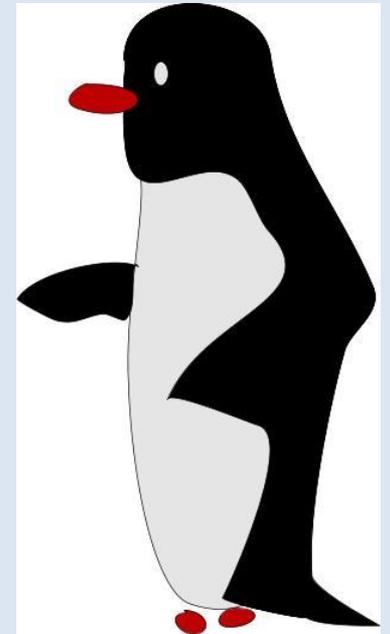

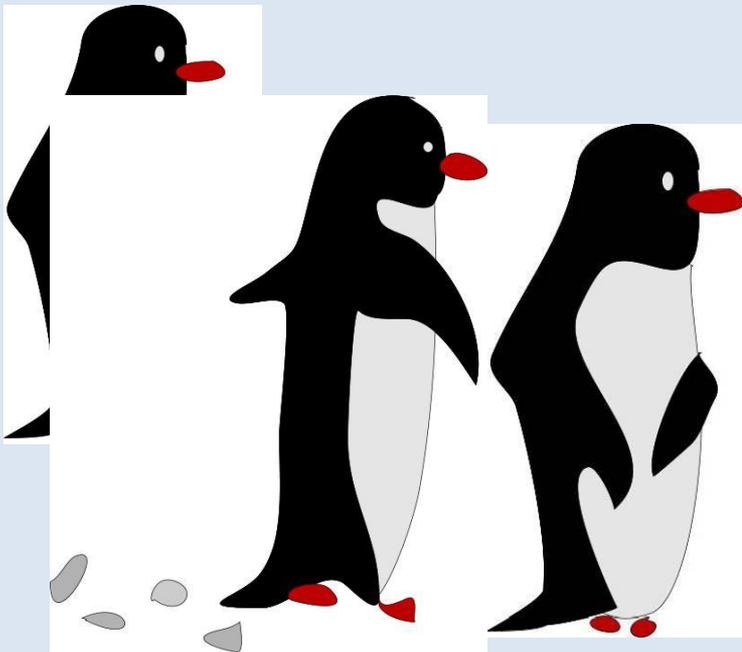

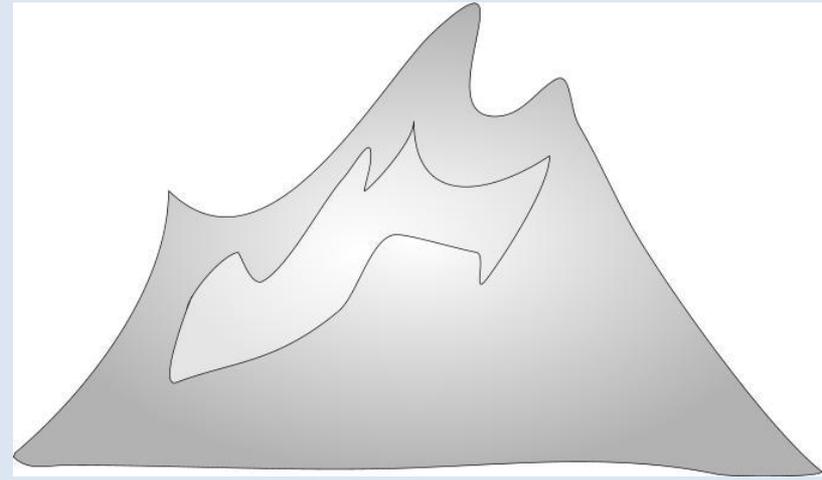

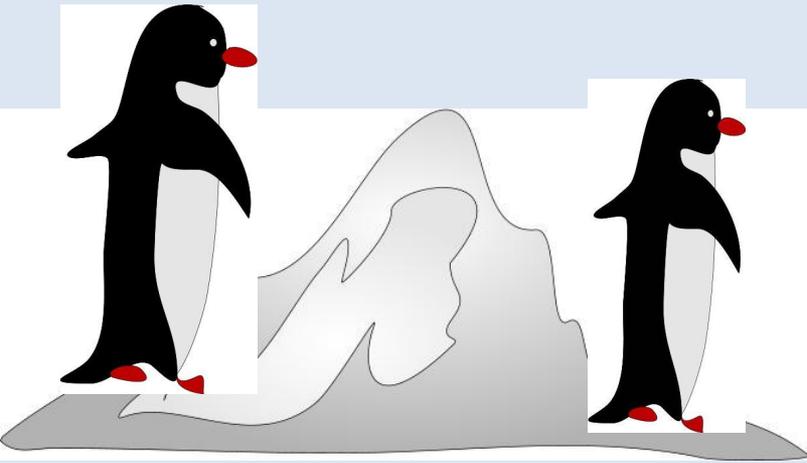

6

**Цифра шесть – дверной замочек:
Сверху крюк, внизу – кружочек.**

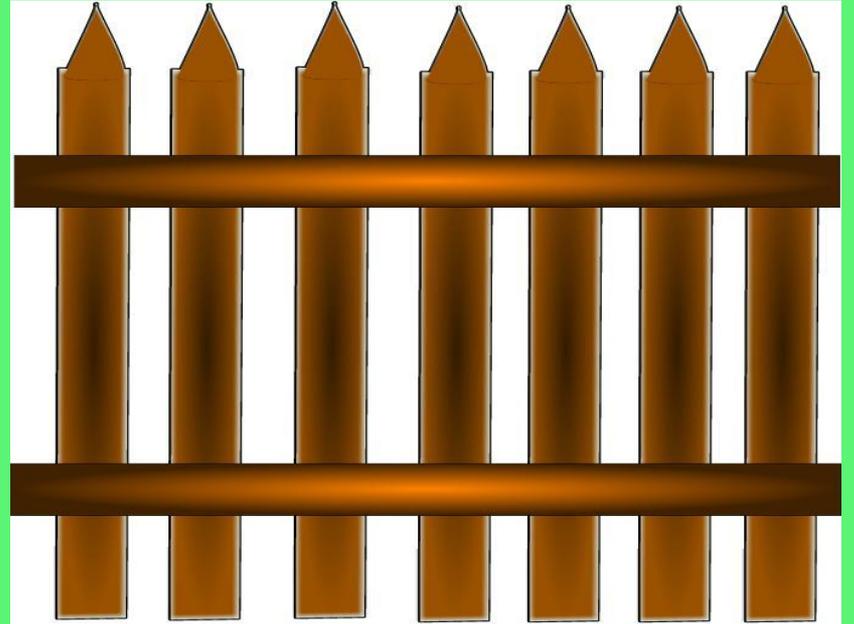

7

**Вот семёрка – «кочерга»:
У неё одна нога.**

8

**Вот поставленные в ряд
Сёстры-куколки стоят.
«Сколько вас?» – у них мы спросим.
И ответят куклы: «Восемь!»**

9

**Цифра девять, иль девятка, --
Цирковая акробатка:
Если на голову встанет,
Цифрой шесть девятка станет.**

10

Десять пальцев на руках,
Десять пальцев на ногах,
Цифр всего на свете десять.
Это знают все на свете.
