

Таблиця множення числа 8

Кузнєцова Оксана Володимирівна
учитель початкових класів II категорії
Новгородівська ЗОШ I-III ступенів ім. Тараса
Шевченка № 10

Дорогі друзі!
Гра « Карусель » допоможе вам
вивчити або повторити
таблицю множення числа 8.
Щоб перевірити себе,
наведи курсором на приклад та
отримай правильну відповідь!

$8 \cdot 1$

$8 \cdot 10$

$8 \cdot 2$

$8 \cdot 9$

$8 \cdot 3$

$8 \cdot 8$

$8 \cdot 4$

8

$8 \cdot 7$

$8 \cdot 5$

$8 \cdot 6$

8 • 1

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 1$ is written in black. Below the equation are three cartoon cars: a blue beetle, a yellow car, and a red truck. The background features sunflowers and a green field.

8 • 10

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 10$ is written in black. Below the equation are three cartoon cars: a blue beetle, a yellow car, and a red truck. The background features sunflowers and a green field.

8 • 2

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 2$ is written in black. Below the equation are three cartoon cars: a blue beetle, a yellow car, and a red truck. The background features sunflowers and a green field.

8 • 9

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 9$ is written in black. Below the equation are three cartoon cars: a blue beetle, a yellow car, and a red truck. The background features sunflowers and a green field.

8 • 3

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 3$ is written in black. Below the equation are three cartoon cars: a blue beetle, a yellow car, and a red truck. The background features sunflowers and a green field.

8 • 8

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 8$ is written in black. Below the equation are three cartoon cars: a blue beetle, a yellow car, and a red truck. The background features sunflowers and a green field.

8 • 4

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 4$ is written in black. Below the equation are three cartoon cars: a blue beetle, a yellow car, and a red truck. The background features sunflowers and a green field.

8 • 7

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 7$ is written in black. Below the equation are three cartoon cars: a blue beetle, a yellow car, and a red truck. The background features sunflowers and a green field.

8 • 5

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 5$ is written in black. Below the equation are three cartoon cars: a blue beetle, a yellow car, and a red truck. The background features sunflowers and a green field.

8 • 6

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 6$ is written in black. Below the equation are three cartoon cars: a blue beetle, a yellow car, and a red truck. The background features sunflowers and a green field.

16

24

8 • 1

A yellow rectangular card with a white cloud-like shape in the center containing the equation 8 • 1. To the left is a small blue car, in the middle is a yellow car, and to the right is a red semi-truck. The background features sunflowers and a green field.

8 • 10

A yellow rectangular card with a white cloud-like shape in the center containing the equation 8 • 10. To the left is a small blue car, in the middle is a yellow car, and to the right is a red semi-truck. The background features sunflowers and a green field.

8 • 2

A yellow rectangular card with a white cloud-like shape in the center containing the equation 8 • 2. To the left is a small blue car, in the middle is a yellow car, and to the right is a red semi-truck. The background features sunflowers and a green field.

8 • 9

A yellow rectangular card with a white cloud-like shape in the center containing the equation 8 • 9. To the left is a small blue car, in the middle is a yellow car, and to the right is a red semi-truck. The background features sunflowers and a green field.

8 • 3

A yellow rectangular card with a white cloud-like shape in the center containing the equation 8 • 3. To the left is a small blue car, in the middle is a yellow car, and to the right is a red semi-truck. The background features sunflowers and a green field.

32

8 • 8

A yellow rectangular card with a white cloud-like shape in the center containing the equation 8 • 8. To the left is a small blue car, in the middle is a yellow car, and to the right is a red semi-truck. The background features sunflowers and a green field.

8 • 4

A yellow rectangular card with a white cloud-like shape in the center containing the equation 8 • 4. To the left is a small blue car, in the middle is a yellow car, and to the right is a red semi-truck. The background features sunflowers and a green field.

8 • 7

A yellow rectangular card with a white cloud-like shape in the center containing the equation 8 • 7. To the left is a small blue car, in the middle is a yellow car, and to the right is a red semi-truck. The background features sunflowers and a green field.

8 • 5

A yellow rectangular card with a white cloud-like shape in the center containing the equation 8 • 5. To the left is a small blue car, in the middle is a yellow car, and to the right is a red semi-truck. The background features sunflowers and a green field.

8 • 6

A yellow rectangular card with a white cloud-like shape in the center containing the equation 8 • 6. To the left is a small blue car, in the middle is a yellow car, and to the right is a red semi-truck. The background features sunflowers and a green field.

8 • 1

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 1$ is written in black. Below the equation, there are three cartoon cars: a blue car on the left, a yellow car in the middle, and a red car on the right. The background features sunflowers and a green field.

8 • 10

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 10$ is written in black. Below the equation, there are three cartoon cars: a blue car on the left, a yellow car in the middle, and a red car on the right. The background features sunflowers and a green field.

8 • 2

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 2$ is written in black. Below the equation, there are three cartoon cars: a blue car on the left, a yellow car in the middle, and a red car on the right. The background features sunflowers and a green field.

8 • 9

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 9$ is written in black. Below the equation, there are three cartoon cars: a blue car on the left, a yellow car in the middle, and a red car on the right. The background features sunflowers and a green field.

8 • 3

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 3$ is written in black. Below the equation, there are three cartoon cars: a blue car on the left, a yellow car in the middle, and a red car on the right. The background features sunflowers and a green field.

8 • 8

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 8$ is written in black. Below the equation, there are three cartoon cars: a blue car on the left, a yellow car in the middle, and a red car on the right. The background features sunflowers and a green field.

8 • 4

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 4$ is written in black. Below the equation, there are three cartoon cars: a blue car on the left, a yellow car in the middle, and a red car on the right. The background features sunflowers and a green field.

8 • 7

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 7$ is written in black. Below the equation, there are three cartoon cars: a blue car on the left, a yellow car in the middle, and a red car on the right. The background features sunflowers and a green field.

8 • 5

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 5$ is written in black. Below the equation, there are three cartoon cars: a blue car on the left, a yellow car in the middle, and a red car on the right. The background features sunflowers and a green field.

8 • 6

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 6$ is written in black. Below the equation, there are three cartoon cars: a blue car on the left, a yellow car in the middle, and a red car on the right. The background features sunflowers and a green field.

40

8 • 1

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 1$ is written in black. Below the equation are three cartoon cars: a blue car, a yellow car, and a red truck. The background features sunflowers and a green field.

8 • 10

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 10$ is written in black. Below the equation are three cartoon cars: a blue car, a yellow car, and a red truck. The background features sunflowers and a green field.

8 • 2

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 2$ is written in black. Below the equation are three cartoon cars: a blue car, a yellow car, and a red truck. The background features sunflowers and a green field.

8 • 9

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 9$ is written in black. Below the equation are three cartoon cars: a blue car, a yellow car, and a red truck. The background features sunflowers and a green field.

8 • 3

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 3$ is written in black. Below the equation are three cartoon cars: a blue car, a yellow car, and a red truck. The background features sunflowers and a green field.

8 • 8

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 8$ is written in black. Below the equation are three cartoon cars: a blue car, a yellow car, and a red truck. The background features sunflowers and a green field.

8 • 4

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 4$ is written in black. Below the equation are three cartoon cars: a blue car, a yellow car, and a red truck. The background features sunflowers and a green field.

8 • 7

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 7$ is written in black. Below the equation are three cartoon cars: a blue car, a yellow car, and a red truck. The background features sunflowers and a green field.

8 • 5

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 5$ is written in black. Below the equation are three cartoon cars: a blue car, a yellow car, and a red truck. The background features sunflowers and a green field.

8 • 6

A yellow rectangular card with rounded corners. At the top, the equation $8 \cdot 6$ is written in black. Below the equation are three cartoon cars: a blue car, a yellow car, and a red truck. The background features sunflowers and a green field.

48

56

64

8 • 1

A yellow rectangular card with a white cloud-like shape in the center containing the equation 8 • 1. To the left is a small blue car, in the middle is a yellow car, and to the right is a red truck. The background has sunflowers and a green field.

8 • 10

A yellow rectangular card with a white cloud-like shape in the center containing the equation 8 • 10. To the left is a small blue car, in the middle is a yellow car, and to the right is a red truck. The background has sunflowers and a green field.

8 • 2

A yellow rectangular card with a white cloud-like shape in the center containing the equation 8 • 2. To the left is a small blue car, in the middle is a yellow car, and to the right is a red truck. The background has sunflowers and a green field.

8 • 9

A yellow rectangular card with a white cloud-like shape in the center containing the equation 8 • 9. To the left is a small blue car, in the middle is a yellow car, and to the right is a red truck. The background has sunflowers and a green field.

8 • 3

A yellow rectangular card with a white cloud-like shape in the center containing the equation 8 • 3. To the left is a small blue car, in the middle is a yellow car, and to the right is a red truck. The background has sunflowers and a green field.

8 • 8

A yellow rectangular card with a white cloud-like shape in the center containing the equation 8 • 8. To the left is a small blue car, in the middle is a yellow car, and to the right is a red truck. The background has sunflowers and a green field.

8 • 4

A yellow rectangular card with a white cloud-like shape in the center containing the equation 8 • 4. To the left is a small blue car, in the middle is a yellow car, and to the right is a red truck. The background has sunflowers and a green field.

8 • 7

A yellow rectangular card with a white cloud-like shape in the center containing the equation 8 • 7. To the left is a small blue car, in the middle is a yellow car, and to the right is a red truck. The background has sunflowers and a green field.

8 • 5

A yellow rectangular card with a white cloud-like shape in the center containing the equation 8 • 5. To the left is a small blue car, in the middle is a yellow car, and to the right is a red truck. The background has sunflowers and a green field.

8 • 6

A yellow rectangular card with a white cloud-like shape in the center containing the equation 8 • 6. To the left is a small blue car, in the middle is a yellow car, and to the right is a red truck. The background has sunflowers and a green field.
