A classroom scene with a whiteboard in the background displaying the equation $5 \cdot 2$. In the foreground, a boy with orange hair in a yellow shirt and blue pants sits on a green chair, pointing towards the whiteboard. A girl with blonde hair in a pink shirt and blue skirt sits on another green chair, waving her hand. To the right, there are three math tools: a semi-circular protractor, a right-angled set square, and a ruler. Below these tools are three colored buttons with numbers: a blue button with '10', a green button with '15', and a red button with '20'. An orange arrow points to the right at the bottom right corner.

A classroom scene featuring a whiteboard with the equation $5 \cdot 1$. A boy and a girl are sitting in chairs in front of the whiteboard. To the right, there are three math tools: a protractor, a set square, and a ruler. Below the tools are three colored boxes containing the numbers 15, 10, and 5. An orange arrow points to the right at the bottom right corner.
