

Улыбнись
новому дню!

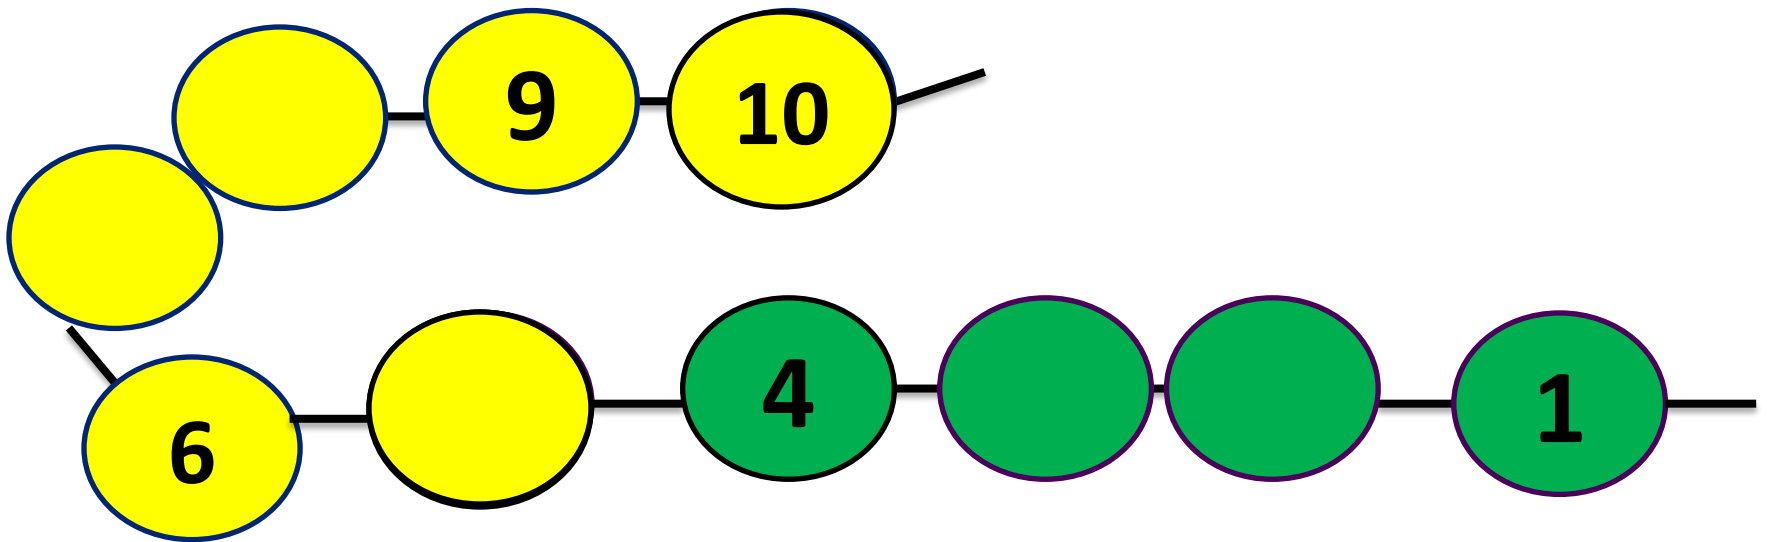

Маршрутный лист ***(Что будем делать на уроке?)***

- **Математический диктант**
- **Работа с геометрическими фигурами**
- **Группы математических выражений**
- **Решение задачи.**
- **Решение примеров.**

Тема урока:

***«Сложение и
вычитание в
пределах 10»***

на какие группы
можно разделить фигуры?

Раздели на две группы

$$8 + \square = 10$$

$$10 - 3 = \square$$

$$6 + \square = 9$$

$$5 + 2 = \square$$

$$\square - 4 = 5$$

$$10 - 8 = \square$$

$$\square + 5 = 9$$

$$8 - \square = 3$$

Проверь себя

$$8+2=10$$

$$10-3=7$$

$$6+3=9$$

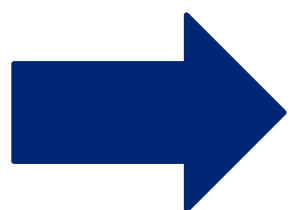

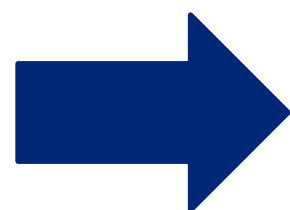

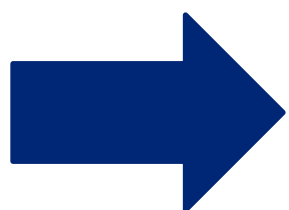

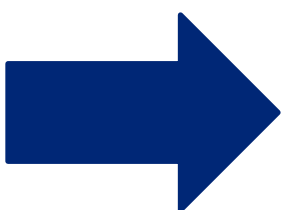

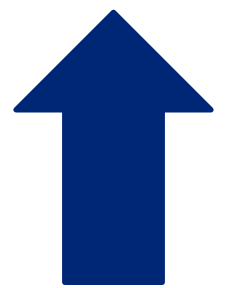

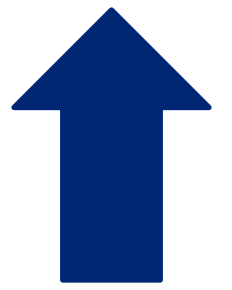

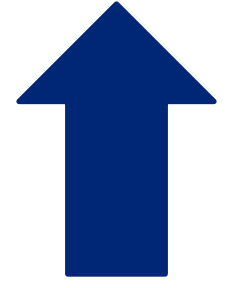

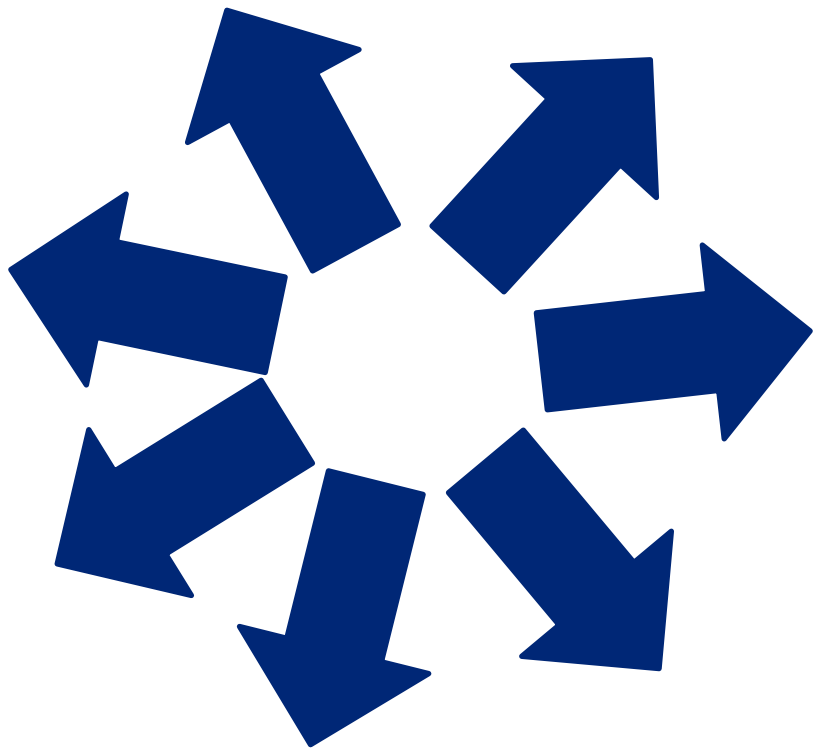

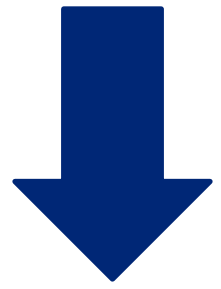

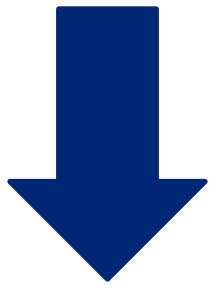

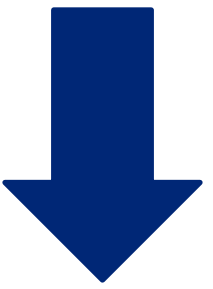

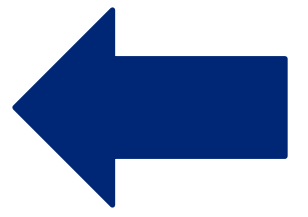

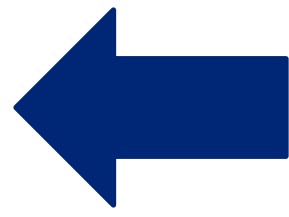

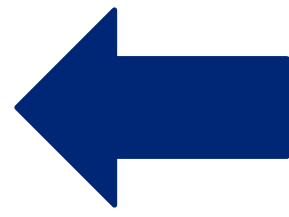

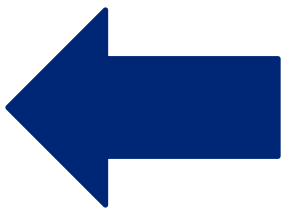

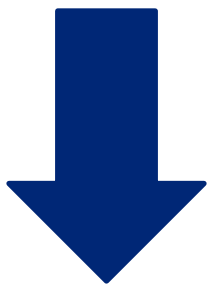

$$9-4=5$$

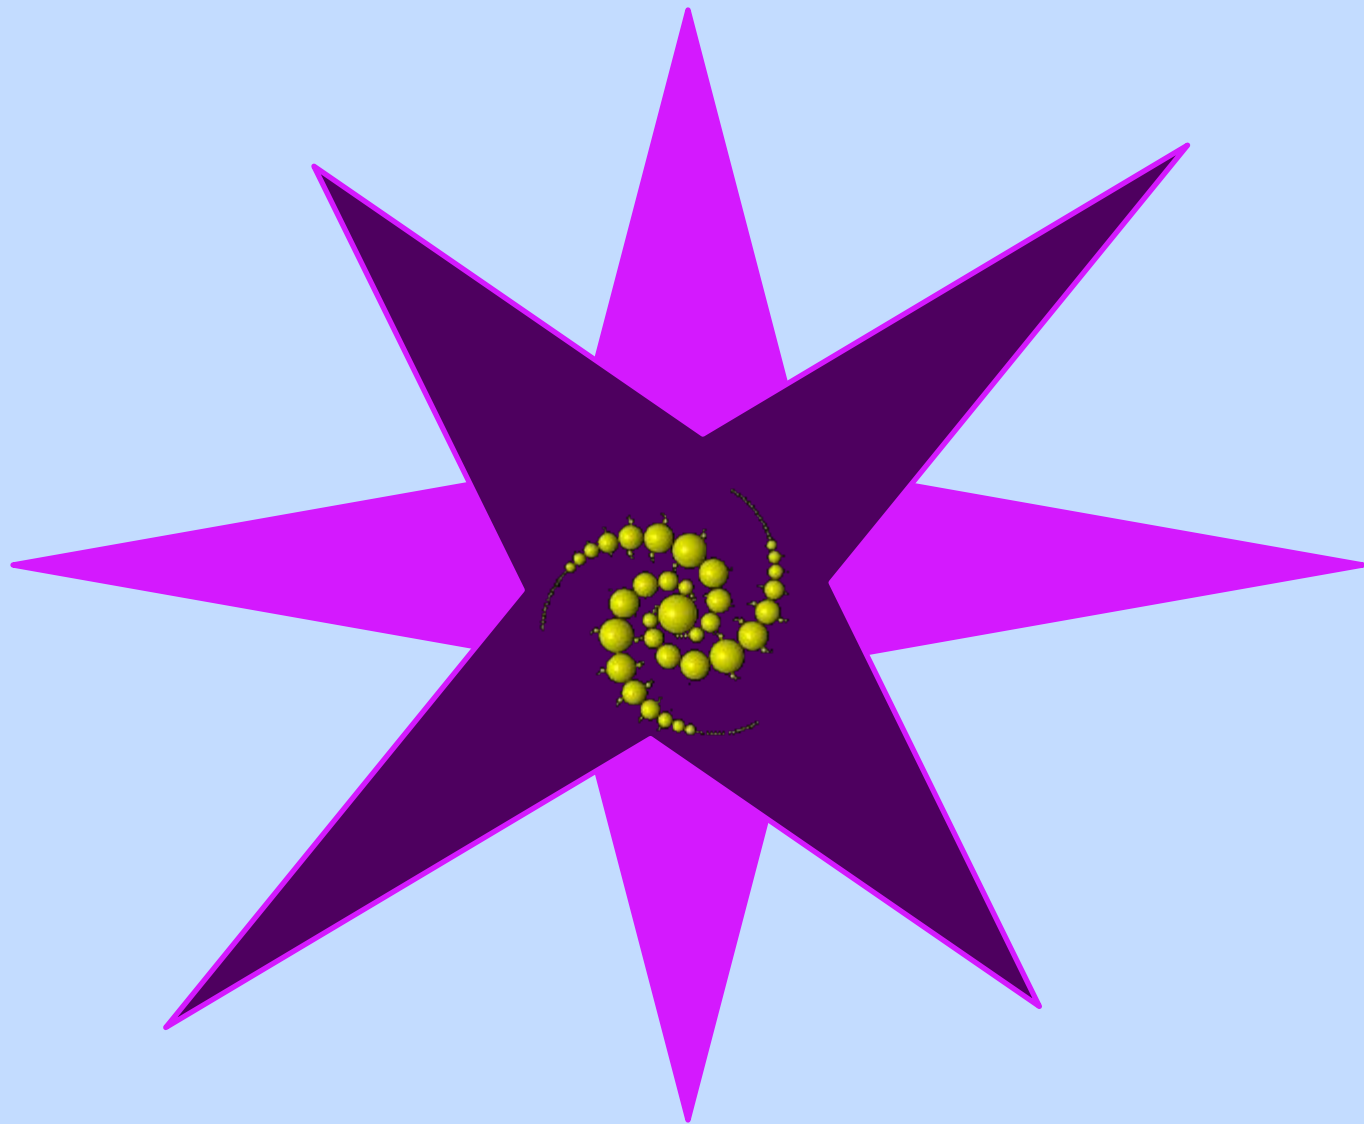

$$5+2=7$$

$$10-8=2$$

$$4+5=9$$

$$8-5=3$$

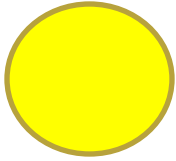

2

4

$$5+4=9$$

$$10-4=6$$

$$2+8=10$$

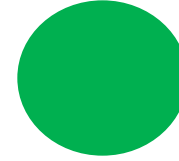

$$8-3=5$$

$$0+8=8$$

$$9-2=7$$

$$6+3=9$$

$$7-5=2$$

$$10-2+0=8$$

$$7-3+5=9$$

$$10-4+2=8$$

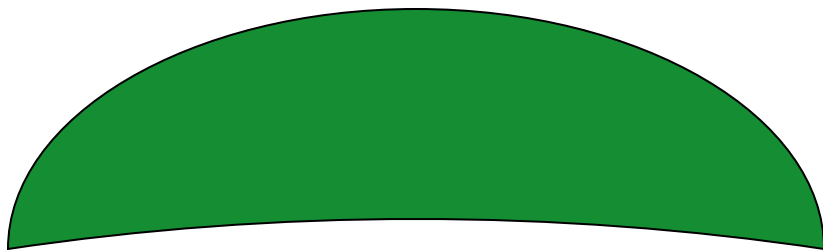

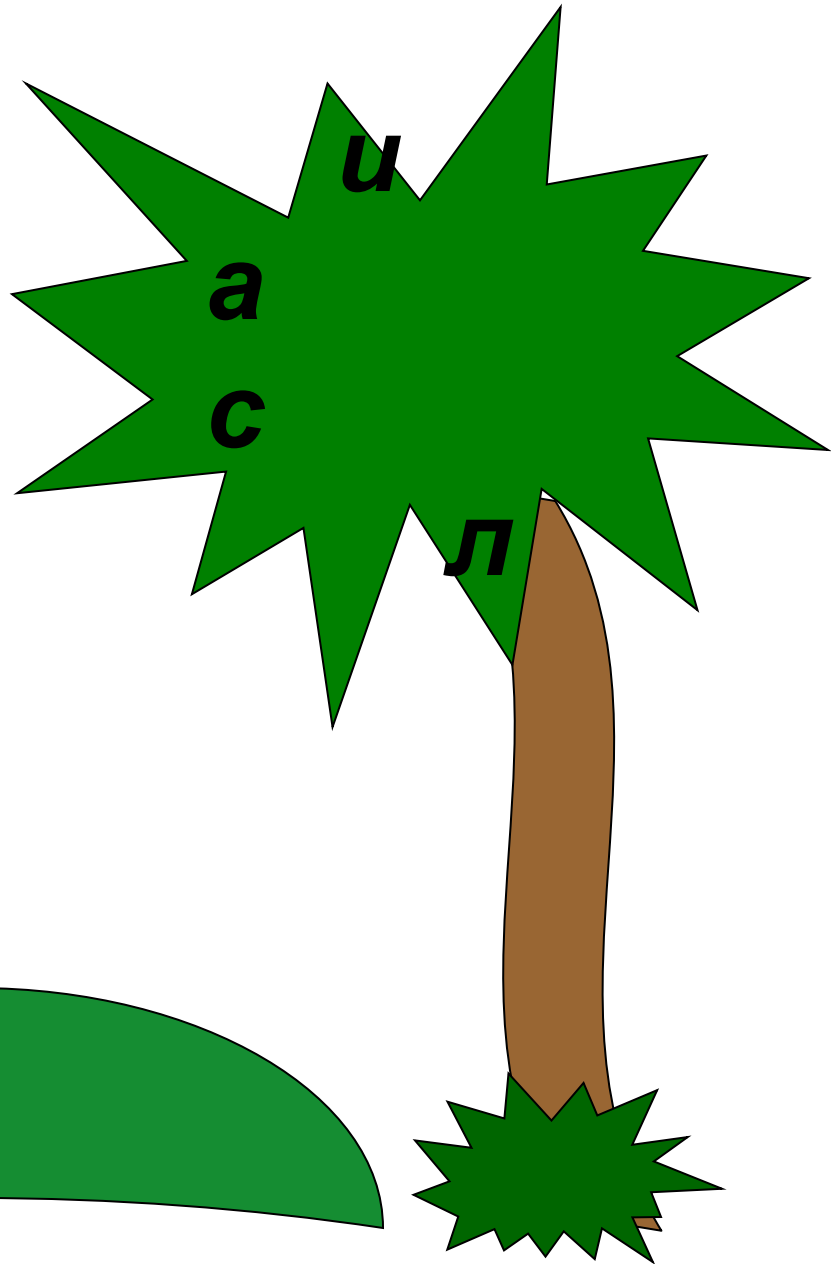

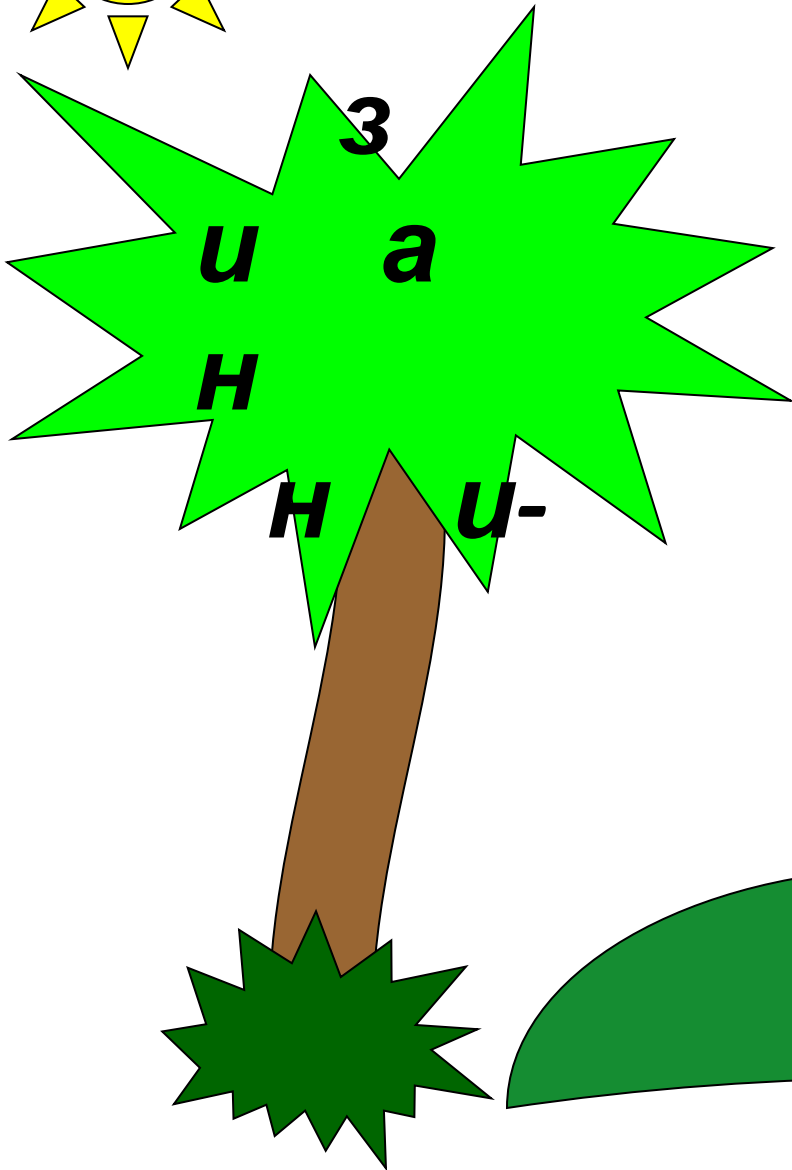

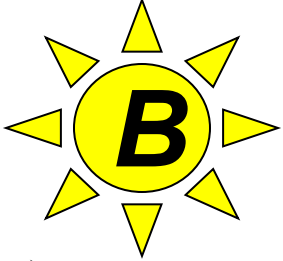

$$8-2+1=7$$

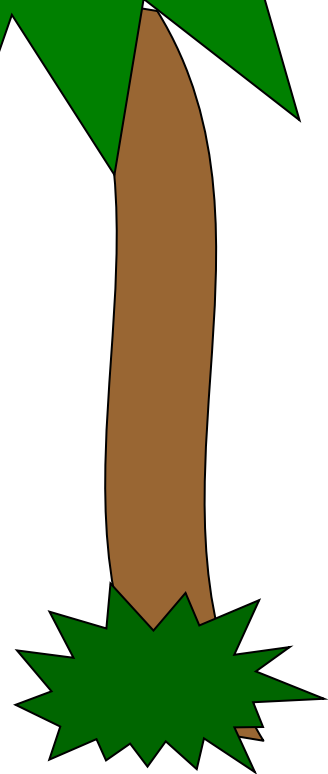

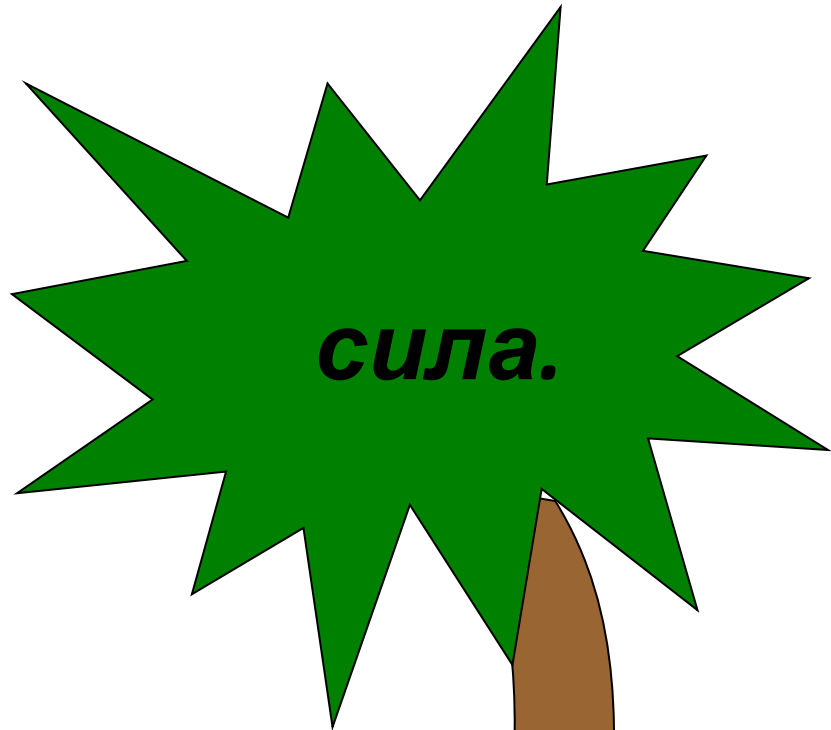

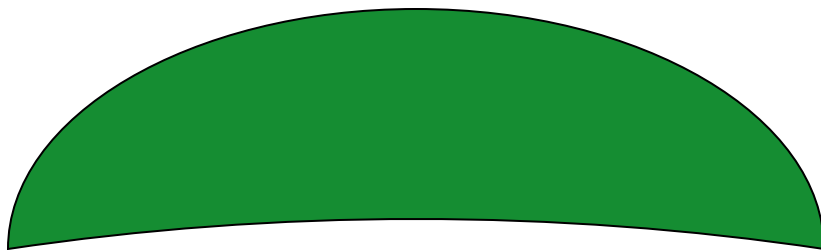

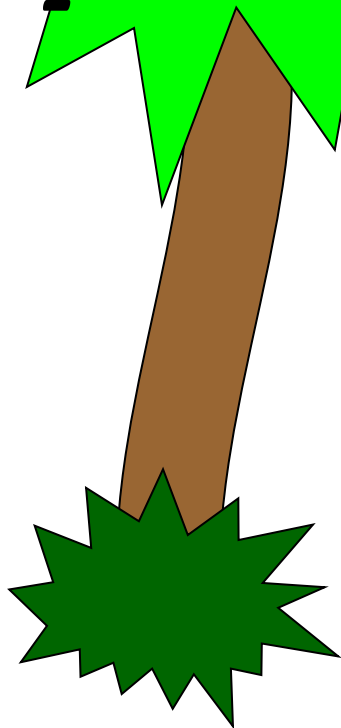

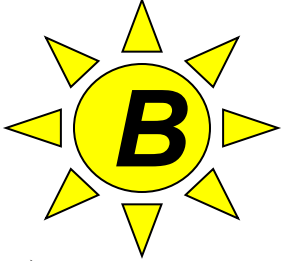

$$8-5+6=9$$

$$10-0-4=6$$

$$5-3+4=6$$

$$9-3-4=2$$

Молодцы!
