The image shows the equation $25 - 15 = 10$ rendered in a stylized, blocky font. Each digit is constructed from white horizontal and vertical bars with rounded ends. The number 2 is formed by two horizontal bars and a vertical bar on the right. The number 5 is formed by a horizontal bar at the top, a vertical bar on the left, and a horizontal bar at the bottom. The minus sign is a single horizontal bar. The number 1 is a single vertical bar. The number 0 is a horizontal bar at the top and a horizontal bar at the bottom. The equals sign is formed by two horizontal bars. The entire equation is set against a background with a vertical gradient from light blue at the top to purple at the bottom.

$$415 - 85 = 500$$
