The image shows the equation $25 - 15 = 10$ constructed from white sticks. The number 25 is formed by two vertical sticks and five horizontal sticks. The number 15 is formed by one vertical stick and five horizontal sticks. A single horizontal stick represents the minus sign. The number 10 is formed by one vertical stick and two horizontal sticks. The equals sign is represented by two horizontal sticks. The entire equation is set against a background that transitions from purple at the bottom to blue at the top.

$$415 - 85 = 500$$
