

*Тема урока:*

# «Волшебные цифры»

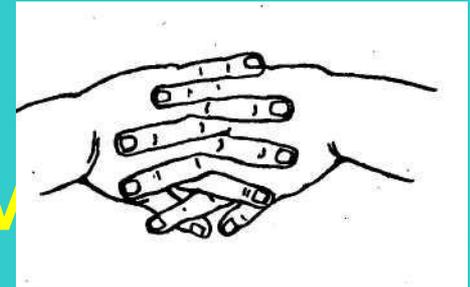

# Пальчиковая гимнастика

Мы наши пальчики сплели

И вытянули ручку

Ну, а теперь мы от Земли

Отталкиваем тучки.

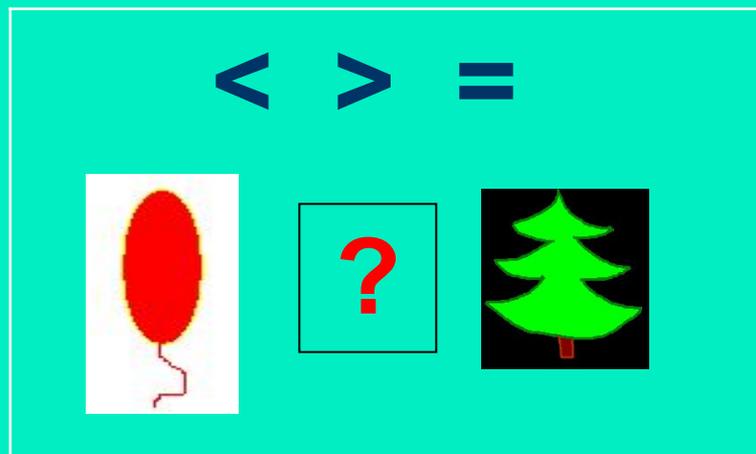

Какие цифры  
спрятались?

- ЭТО величина, при  
помощи которой  
производится счёт.

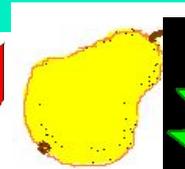

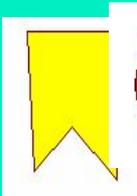

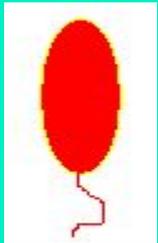

# Подумай!

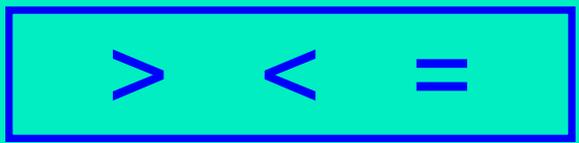

# Волшебные цифры

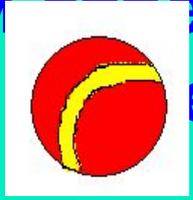

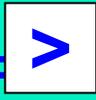

0 1 2 3 4 5 6 7 8 9

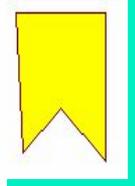

0 1 2 3 4 5 6 7 8 9

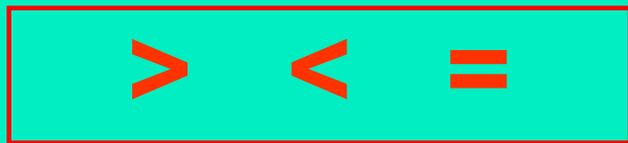

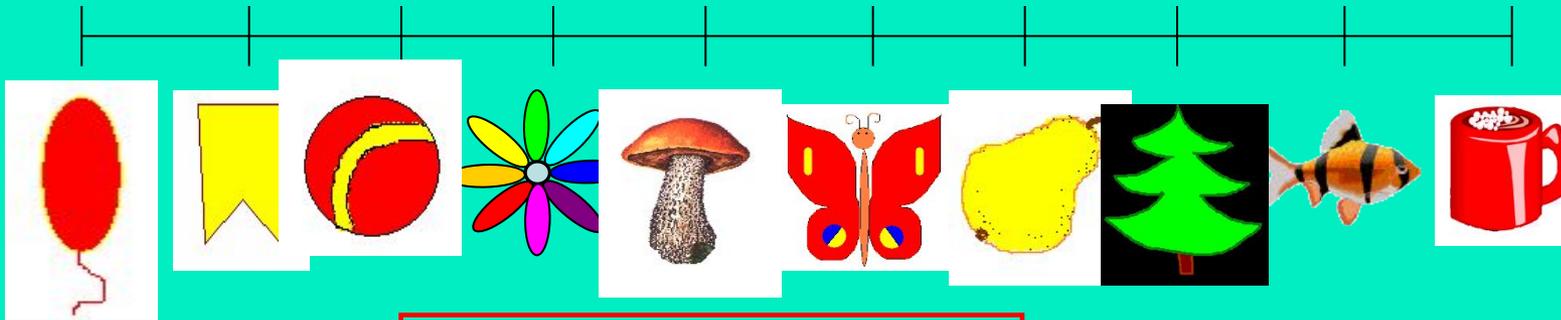

ывод  
знак - цифра левее

на числовом строзке,  
то число меньше, п... — больше

0 1 2 3 4 5 6 7 8 9

+

**Вывод:**

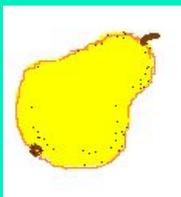

>

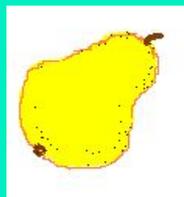

если к одинаковому числу прибавить другое  
число, то получится большее число,  
если вычесть, то получится меньшее число.

0 1 2 3 4 5 6 7 8 9

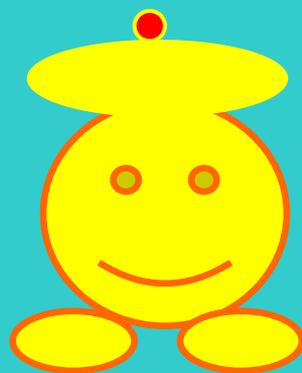

А теперь сможем решить?

< > =

**А вот и я!**

***Берегите зрение!***

**Арабские цифры – 1 2 3 4 5 6**

**Римские цифры – I II III IV V VI**

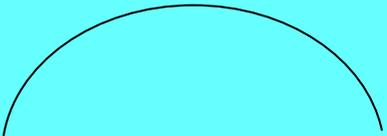

# Проверь себя!

$$I + II = III$$

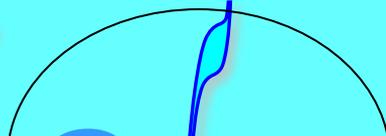

$$V + II = VII$$

$$III - II = I$$

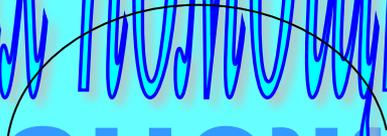

$$VIII - I = VII$$
