

The image shows a top-down view of numerous discarded cigarette butts and ash scattered across a dark, textured surface. The butts are in various stages of being smoked, with some showing the white filter and others just the yellowish-brown end. The ash is a fine, brownish powder, and there are also some larger clumps of tobacco. The overall scene is one of waste and the aftermath of smoking.

НИКОТИНИЗМ

A close-up photograph of a hand holding a lit cigarette. The cigarette is held between the thumb and index finger, with the tip glowing. A white rectangular text box is superimposed over the center of the image, containing a definition of nicotine addiction. The background is dark and filled with scattered cigarette butts and ash.

Никотинизм — хроническое отравление никотином (у злобных курильщиков табака): раздражительность, снижение работоспособности, кашель с мокротой и др.
