

**Урок  
изобразительного  
искусства  
Тема:  
« Портрет Белого  
Старца»**

**Выполнила:  
Гутолкина Е.Ф.**

**- Все ли на месте,  
Все ли в порядке,  
Карандаш, альбом  
и краски?**

**Проверили -  
садитесь,  
С усердием  
трудитесь.**

Если видишь, что с  
картины

Смотрит кто-нибудь  
на нас:

Или принц в плаще  
старинном,

Или в робе верхолаз

Лётчик или балерина

Или Колька – твой  
сосед,

Обязательно картина

Называется

**ПОРТРЕТ**

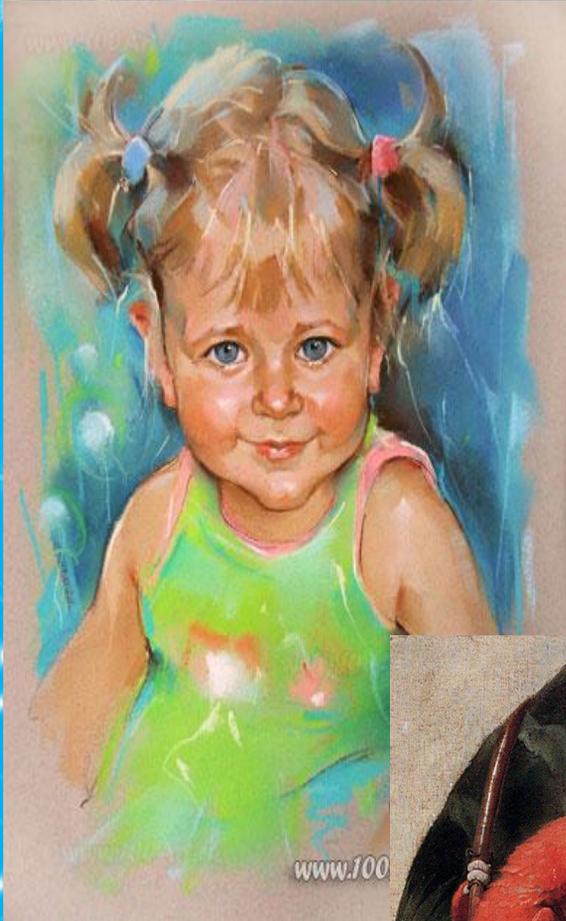

# Белый старец

# Детский портрет

# Семейный портрет

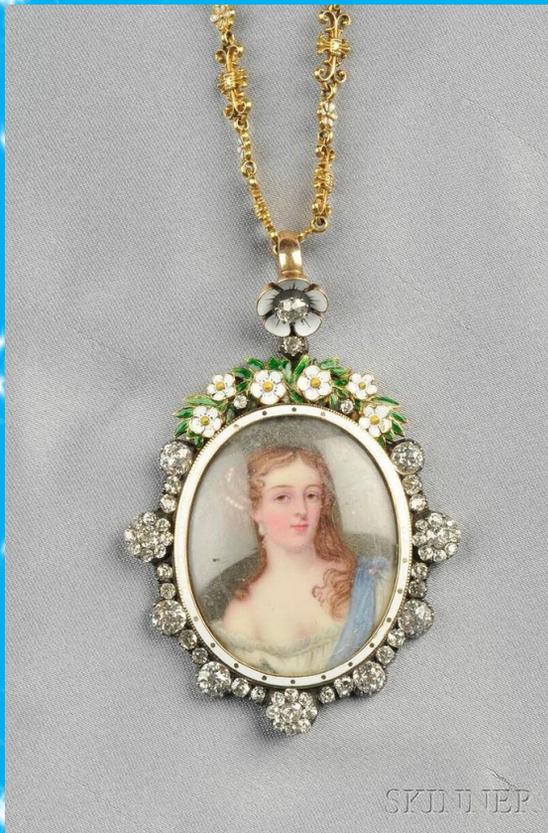

# Парадный портрет

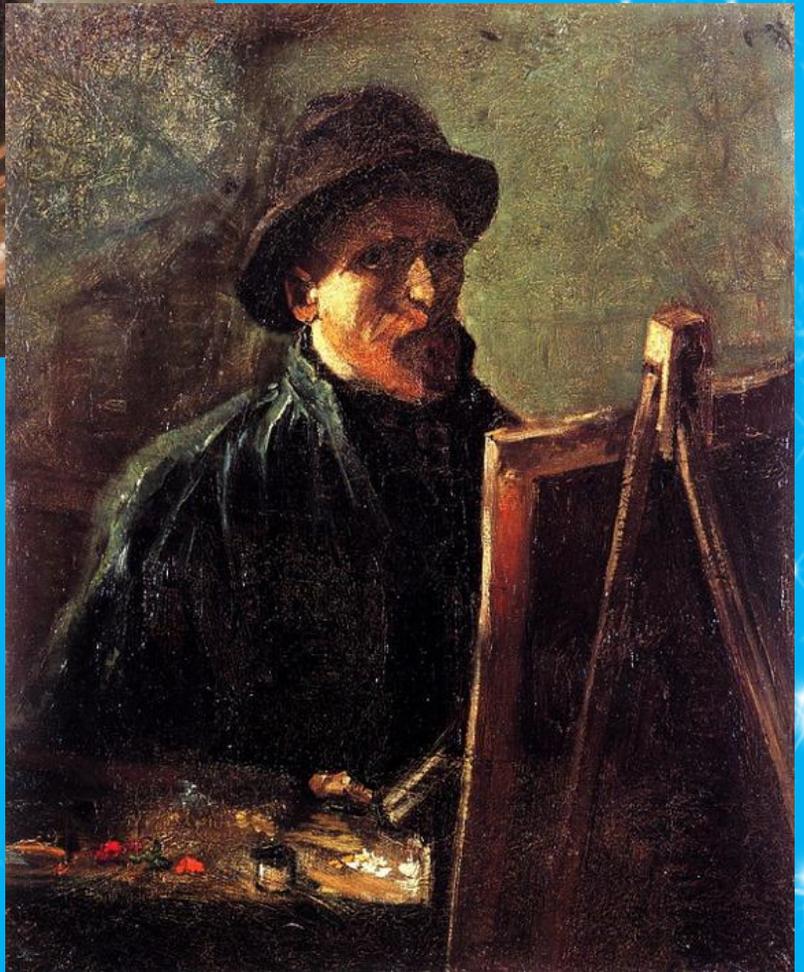

# Монументальный портрет

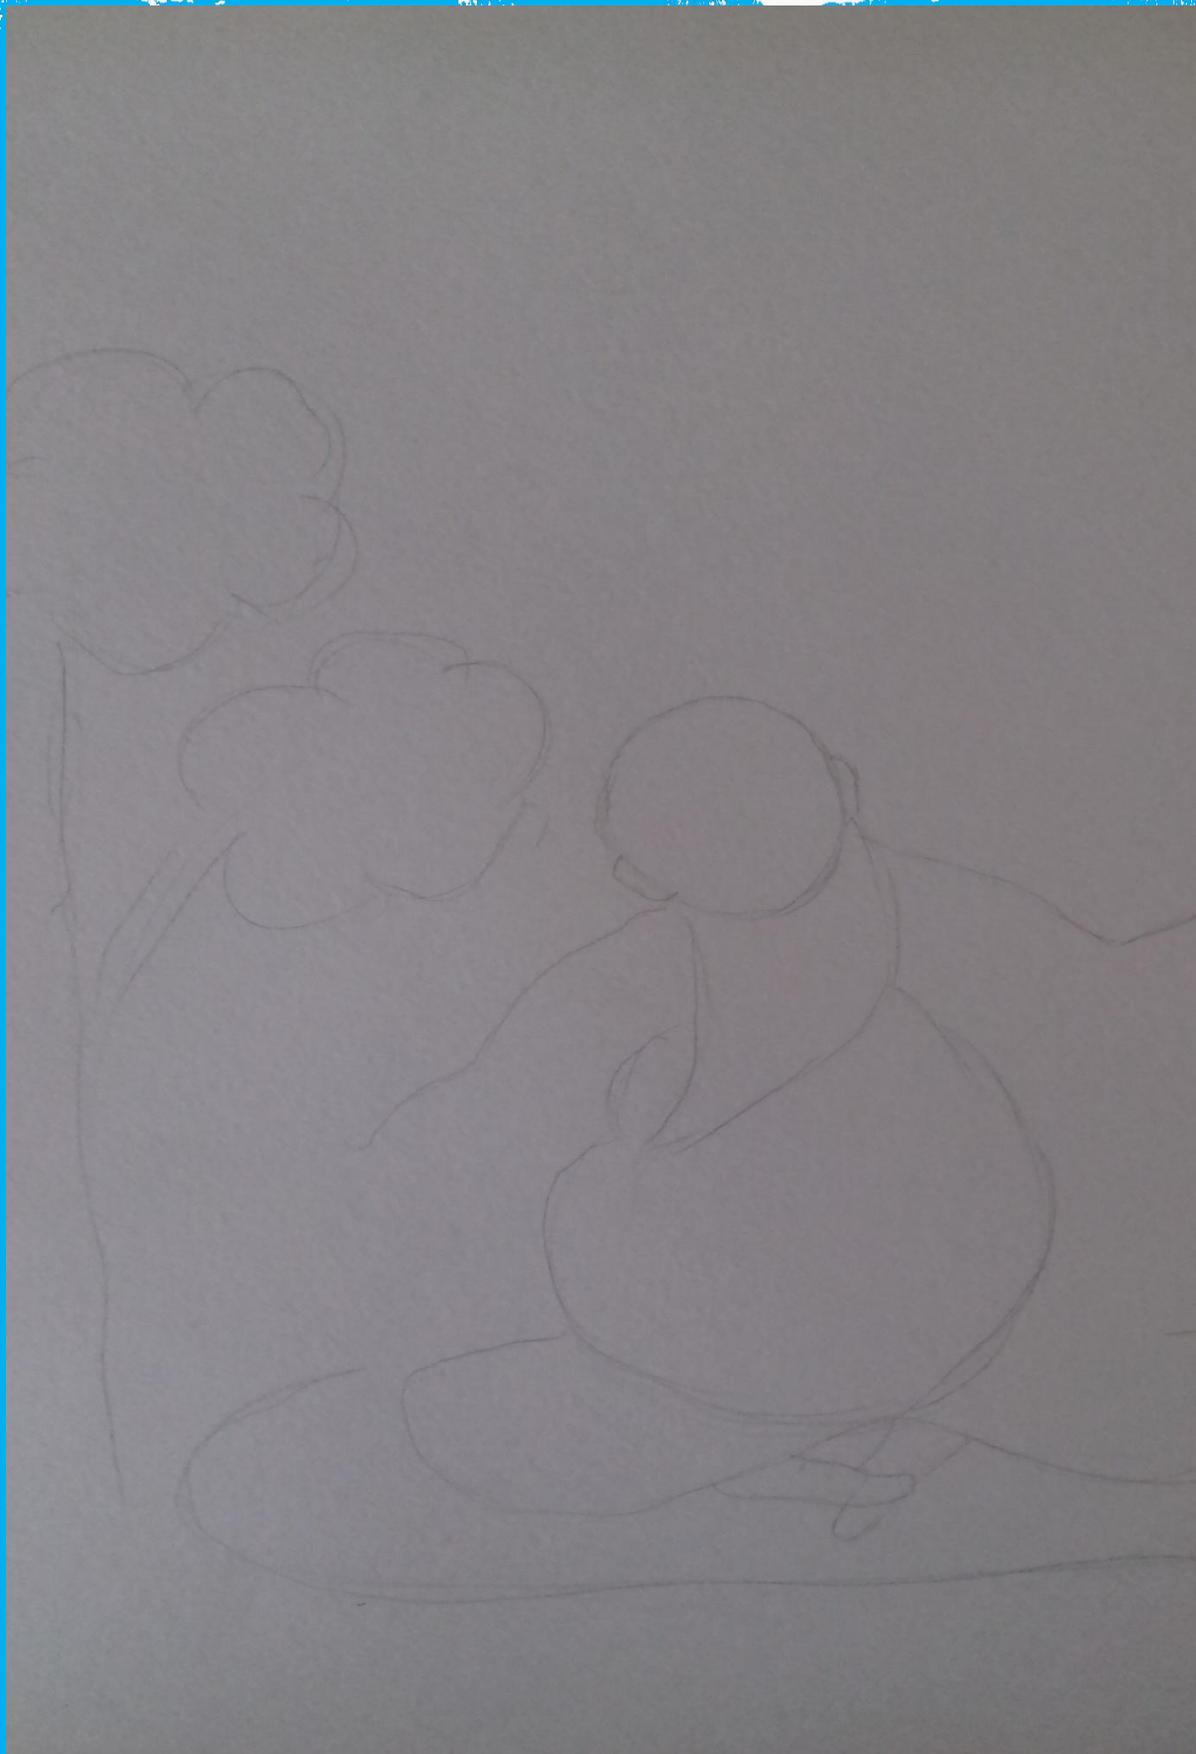

# Миниатюрный портрет

# Автопортрет

the 1990s, the number of people who are employed in the service sector has increased in all countries.

There are several reasons for this. First, the service sector has become more important in the economy. Second, the service sector has become more important in the labour market. Third, the service sector has become more important in the social structure. Fourth, the service sector has become more important in the culture. Fifth, the service sector has become more important in the environment. Sixth, the service sector has become more important in the politics. Seventh, the service sector has become more important in the science. Eighth, the service sector has become more important in the technology. Ninth, the service sector has become more important in the education. Tenth, the service sector has become more important in the health care.

These changes have led to a shift in the labour market. The number of people who are employed in the service sector has increased in all countries. This is due to the fact that the service sector has become more important in the economy, the labour market, the social structure, the culture, the environment, the politics, the science, the technology, the education, and the health care.

The shift in the labour market has led to a change in the social structure. The service sector has become more important in the social structure. This is due to the fact that the service sector has become more important in the economy, the labour market, the culture, the environment, the politics, the science, the technology, the education, and the health care. The service sector has become more important in the social structure because it has become more important in the economy, the labour market, the culture, the environment, the politics, the science, the technology, the education, and the health care.

The shift in the labour market has led to a change in the culture. The service sector has become more important in the culture. This is due to the fact that the service sector has become more important in the economy, the labour market, the social structure, the environment, the politics, the science, the technology, the education, and the health care. The service sector has become more important in the culture because it has become more important in the economy, the labour market, the social structure, the environment, the politics, the science, the technology, the education, and the health care.

The shift in the labour market has led to a change in the environment. The service sector has become more important in the environment. This is due to the fact that the service sector has become more important in the economy, the labour market, the social structure, the culture, the politics, the science, the technology, the education, and the health care. The service sector has become more important in the environment because it has become more important in the economy, the labour market, the social structure, the culture, the politics, the science, the technology, the education, and the health care.

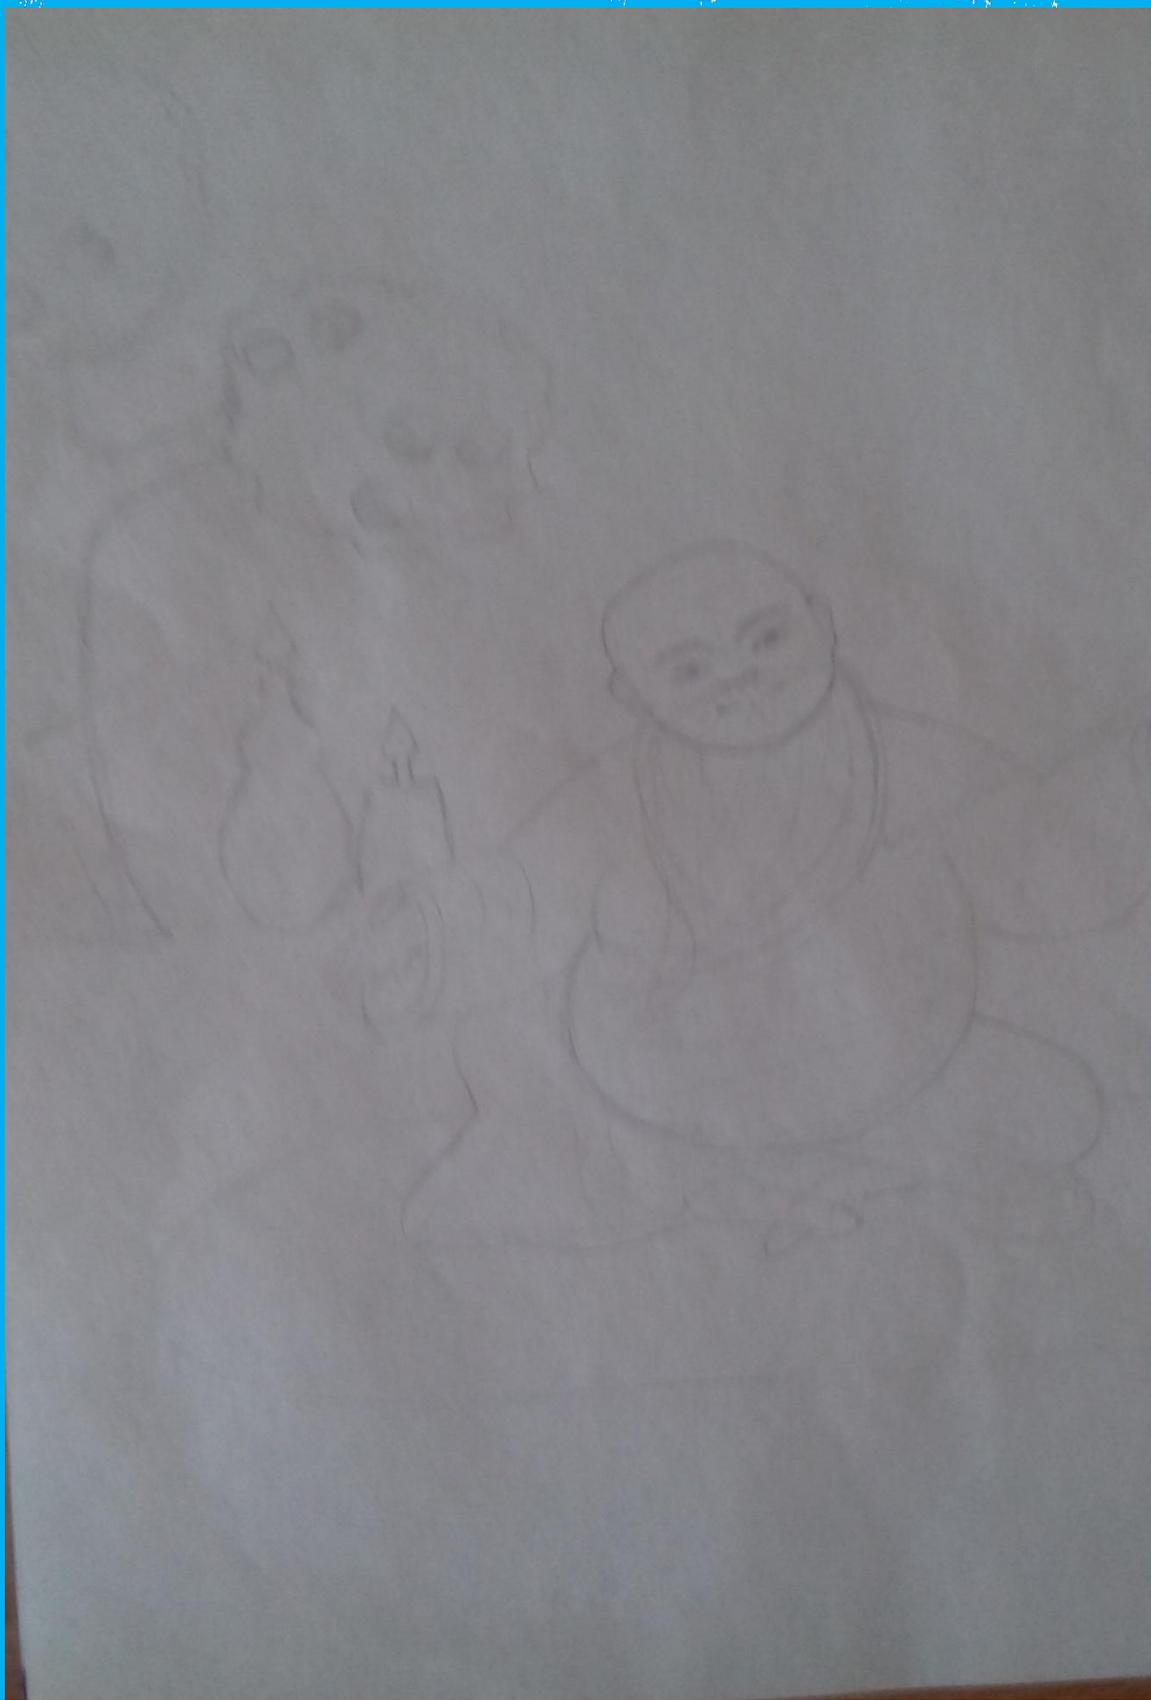

The shift in the labour market has led to a change in the politics. The service sector has become more important in the politics. This is due to the fact that the service sector has become more important in the economy, the labour market, the social structure, the culture, the environment, the science, the technology, the education, and the health care. The service sector has become more important in the politics because it has become more important in the economy, the labour market, the social structure, the culture, the environment, the science, the technology, the education, and the health care.

The shift in the labour market has led to a change in the science. The service sector has become more important in the science. This is due to the fact that the service sector has become more important in the economy, the labour market, the social structure, the culture, the environment, the politics, the technology, the education, and the health care. The service sector has become more important in the science because it has become more important in the economy, the labour market, the social structure, the culture, the environment, the politics, the technology, the education, and the health care.

The shift in the labour market has led to a change in the technology. The service sector has become more important in the technology. This is due to the fact that the service sector has become more important in the economy, the labour market, the social structure, the culture, the environment, the politics, the science, the education, and the health care. The service sector has become more important in the technology because it has become more important in the economy, the labour market, the social structure, the culture, the environment, the politics, the science, the education, and the health care.

The shift in the labour market has led to a change in the education. The service sector has become more important in the education. This is due to the fact that the service sector has become more important in the economy, the labour market, the social structure, the culture, the environment, the politics, the science, the technology, and the health care. The service sector has become more important in the education because it has become more important in the economy, the labour market, the social structure, the culture, the environment, the politics, the science, the technology, and the health care.

The shift in the labour market has led to a change in the health care. The service sector has become more important in the health care. This is due to the fact that the service sector has become more important in the economy, the labour market, the social structure, the culture, the environment, the politics, the science, the technology, the education, and the health care. The service sector has become more important in the health care because it has become more important in the economy, the labour market, the social structure, the culture, the environment, the politics, the science, the technology, the education, and the health care.
