«LEGO Путешествие. Город»

Учитель-
дефектолог
Махова Наталья
Олеговна

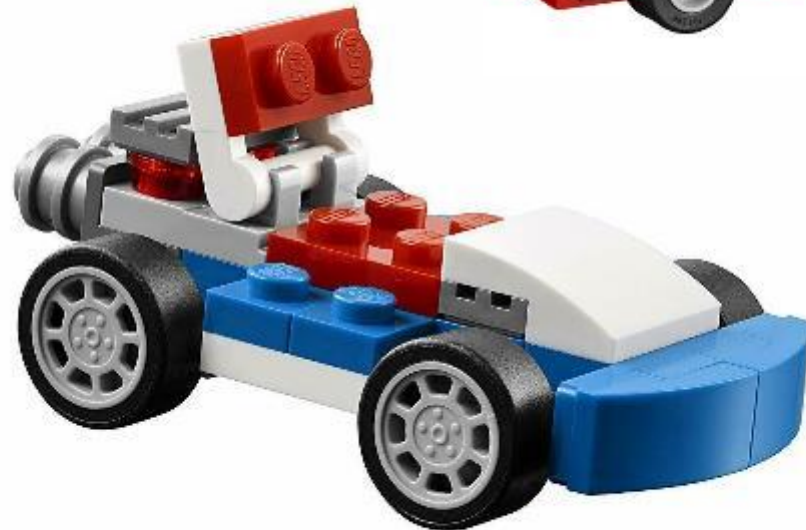

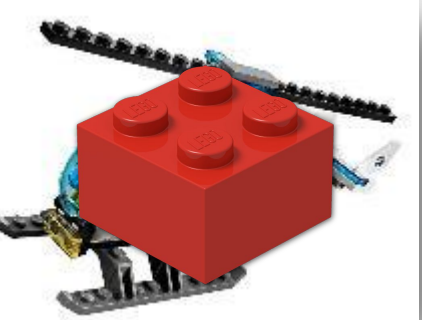

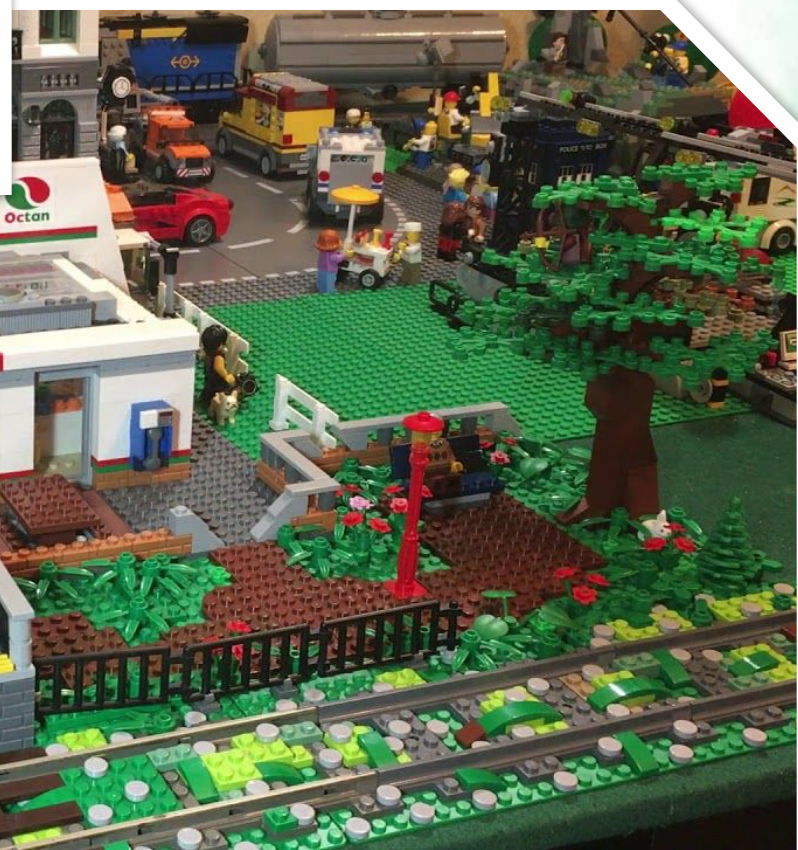

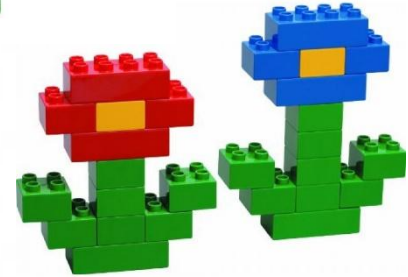

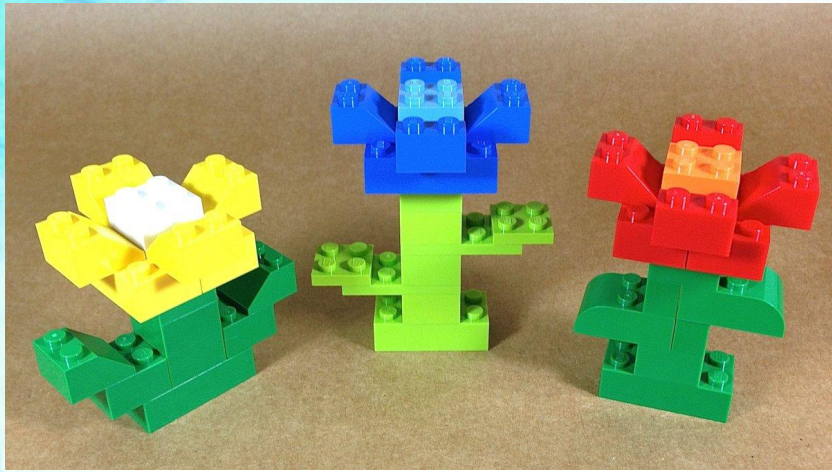

A vibrant, watercolor-style illustration of a globe. The globe is the central focus, with various city landmarks and a hot air balloon sketched around it. On the left, the Eiffel Tower is visible. In the center, there are several colorful buildings. On the right, the Leaning Tower of Pisa is shown. A hot air balloon with yellow and green stripes is floating in the sky. The background is a mix of light blue and green washes, suggesting a sky and grass. In the foreground, a large pile of colorful LEGO bricks (red, blue, yellow, green, white, black) is scattered across the bottom. The LEGO logo is prominently displayed in the center of the globe, consisting of the word "LEGO" in white, bold, sans-serif capital letters with a thick black outline and a yellow drop shadow, set against a red square background.
