APRIL, 12 – COSMONAUT'S DAY

THEME:

Visiting to RSC Energia Museum of Space

On April 12 every year the Russian people celebrate Cosmonautics Day in commemoration of the first space flight in the world which was made by Russian citizen. April 12 in 1961 the Russian cosmonaut Yuri Gagarin went into space and made one orbit round the Earth in his spaceship Vostok-1.

SERGEY PAVLOVICH KOROLYOV

(1906-1966)

He was the lead [Soviet](#) He was the lead Soviet [rocket](#)
He was the lead Soviet rocket engineer and spacecraft
designer in the [Space Race](#) He was the lead Soviet rocket
engineer and spacecraft designer in the Space Race
between the [United States](#) He was the lead Soviet rocket
engineer and spacecraft designer in the Space Race
between the United States and the [Soviet Union](#) during the
1950 and 1960. He is considered by many as the father of
practical astronautics.

Korolev was trained as an aircraft designer, his greatest
strengths proved to be in design integration, organization
and strategic planning. Arrested for alleged
mismanagement of funds, he was imprisoned in 1938 for
almost six years, including some months in a [Kolyma](#)
