WE CAN'T LIVE WITHOUT MODERN GAGETS

NATASHA

- It saves a lot of time.
- It is possible to find quickly any information and get any entertainment from games.
- You can watch your favourite movie.

YULYA

I think this is the most useful invention that I can imagine . It's fantastic to be able to call friends everywhere. I'm excited about this bit of technology.

WHAT IS BETTER

HISTORY OF TELEPHONE

- In 1876 **Alexander Graham Bell**, an American engineer, invented telephone.
- In 1973, was released the first prototype of a portable cell-phone - **Motorola DynaTAC**.

- 
- Stolen cell phone can find on its ID IMEI, regardless of what your SIM card in it is installed. In many devices you can change the IMEI, using various illegal methods.
