The background is a vibrant space scene. In the foreground, the Earth's horizon curves across the bottom half, showing green continents and white clouds. To the left, a large, detailed Jupiter is visible. In the upper right, Saturn with its rings is seen. The sky is a deep blue, filled with numerous stars, some of which have bright, multi-pointed diffraction patterns.

Участок детского сада в стиле « Космос» Гр. « Почемучки»

The image shows a variety of colorful clay models on a blue surface. There are several star-shaped objects in different colors like gold, green, blue, yellow, pink, red, and orange. Some are simple paper stars, while others are more complex clay sculptures. There are also rocket-like shapes in green, purple, yellow, and red, some with small circular details. The background is a solid blue color, and the overall scene is a creative display of children's art.

Если очень постараться,
Если очень захотеть,
Можно на небо подняться
И до Солнца долететь,
И всерьез, не понарошку,
Познакомиться с Луной.
Погулять по ней немножко
И вернуться вновь домой.

Рисунки детей

A vibrant, stylized illustration of a galaxy. The background is a dark blue space filled with numerous small, bright blue stars. Scattered throughout are various planets and celestial bodies in different colors and sizes. Some planets are red, some are orange, some are green, and some are blue. Two planets have prominent rings, one in the top left and one in the middle right. The overall style is reminiscent of a children's book or a colorful poster.
