

# Придаточные предложения условия и времени

Воронина М.В.

В придаточных предложениях времени (**when?**) и условий (**under what condition?**), так называемых на английском языке **Time and Condition clauses**, мы используем времена **present** вместо **future**.

If **I have** spare time **I'll go** to the cinema.

(Если у меня будет свободное время, я пойду в кинотеатр)

Это предложение состоит из двух частей:

- главная (**I'll go to the cinema**)
- зависимая ( **If I have spare time** )

Главное предложение выражает будущее время, но в зависимой части мы не используем **Future Simple** а используем **Present Simple**, то же самое происходит с зависимой частью с **when**.

Запятая выделяет придаточные времени в начале предложения.

- When we **get** off the train, **I'll buy** an ice cream for you.
- If **you miss** this train, **you'll be** late for your work.

Для придаточных предложений времени (when - предложений) мы используем, как правило, следующие союзы: when, as, while, before, after, since, till / until, whenever, as long as, by the time, as soon as, the moment that, no sooner... than, hardly... when, once, immediately, the 1<sup>st</sup> / last / next time.

Для условных (under what condition) придаточных предложений соединительными союзами являются: if, unless, provided (that), on condition (that).

Как правило, исключения из серии придаточных, отвечающих на вопрос «что?», действуют после слов «информативного содержания», то есть таких, которые имеют отношение к познавательной деятельности:

**know, learn, hear, say, ask etc.**

- I do not **know**, when **I'll be** back.
- He does not **know** if **he will come** to see us tonight
