

Speaking about plants

Шишкина Анастасия Дмитриевна

Учитель английского языка

Школы №1748 «Вертикаль»

г. Москва

These are different plants.

What plant is it? Let's speak!

It is a rose.

It grows in the garden.

**It has red flowers and
green leaves.**

It is beautiful.

**It is short – it is 40
centimetres tall.**

What plant is it? Let's speak!

It is a sunflower.

It grows in the garden.

**It has yellow flowers and
big green leaves.**

It is beautiful.

**It is tall – it is 1metre
tall.**

What plant is it? Let's speak!

It is a water lily.

It grows in the river.

**It has pink flowers and
thick green leaves.**

It is beautiful.

It is small.

What plant is it? – Let's listen!

It is a pitcher plant.

It grows in the rain forest.

It eats insects.

It can catch insects.

Let's read about Dasha's plant!

In August my rose **was** 30 centimetres tall.

The flower **was** small.

There **were** 5 leaves on the plant.

Today is November 7th. Now the rose **is** 50 centimetres tall.

There **are** two big flowers.

They **are** pink. It has got lots of leaves.

It's so beautiful!

Now write about your plant!

Inmy wastall.

Thewas/ were

There was/ wereon the plant.

Today is Now my.....is
..... tall.

Theis/ are

There is/ aret's so beautiful!

THANK YOU
