Из - за парт мы выйдем дружно,  
 Но шуметь совсем не нужно,  
 Мы все вместе улыбнемся,  
 Подмигнем слегка друг другу,  
 Вправо, влево повернемся ( повороты влево- вправо)  
 И кивнем затем по кругу. (наклоны влево-вправо)  
 Все идеи победили,  
 Вверх взметнулись наши руки. ( поднимают руки  
 вверх- вниз)  
 Груз забот с себя стряхнули  
 И продолжим путь науки.
