# Почему бывают такие разные осадки?

A dynamic splash of clear water against a white background, with droplets and ripples visible. The water is captured in mid-air, creating a sense of movement and freshness.

При резком похолодании  
воздуха начинается туман,  
роса, при отрицательных  
температурах – иней и  
изморозь

**Домашнее задание**

A background image showing a dynamic splash of clear blue water against a white background. The water is captured in mid-air, with several droplets and a larger splash forming a wave-like shape across the middle of the frame. The lower half of the image is a solid, light blue gradient.
