«Муравейник»

Я сел на обочину дороги. Большой рыжий муравей легко вполз на мой сопог. Он огледелся с высоты и спустился на землю. Мурашка быстро побежал через дорогу. Я стал следить за ним. Вот он останоуился около пня. С одной стороны пень был глаткий и блестящий. На другой стороне лежали корявые борозды. По ним муравей и пополз.
