## My plans for the Future

-I want to have a good job. For now I am not really sure what I want to be. Maybe I will become a doctor or a lawyer. People today have few professions and can change them during the whole life.

-I would like my work to be connected with different countries and people. I am fond of foreign languages, English and German. I plan to visit Germany and the USA in order to practice my language skills and learn something new about the customs and traditions of these countries.

I want to get success in my life. And to get it you should be creative, intelligent, hard-working.

-There are plenty of different professions. Some of my friends want to be doctors, others want to be lawyers or journalists, some want to become designers, IT workers. But I've always
