Tongue twister :

Peter Piper picked a peck of pickled
peppers.

A peck of pickled peppers Peter Piper
picked.

If Peter Piper picked a peck of pickled
peppers,

Where's the peck of pickled peppers Peter
Piper picked?

parts of the union jack

The Union Flag, popularly known as the **Union Jack**, symbolises the union of the countries of the UK. It is made up of the individual flags of three countries in the Kingdom.

The present Union Flag (Union Jack) represented the political union of three kingdoms

- England,
- Scotland and
- Ireland (now only Northern Ireland)

Great Britain

The official name of Great Britain is the United Kingdom of Great Britain and Northern Ireland.

The United Kingdom of Great Britain and Northern Ireland is situated in the north-west coast of Europe between the Atlantic Ocean on the north and north-west and the north-west and the North sea on the east.

The United Kingdom of Great Britain and Northern Ireland consists of England, Scotland, Wales and Northern Ireland. The UK lies on the British Isles. There are some 5500 islands. The two of them are the main island. They are: Great Britain and Ireland. The English Channel and the Strait of Dover separate Britain from the continent. The climate on the British Isles is temperate. The Gulf Stream makes the climate warmer in winter and cooler in summer. There is much humidity in the air of England. Britain is known as a foggy country. Geographically Great Britain is divided into Lowlands, Midlands, and Highlands.

The population of Great Britain is over 57 million. London is the capital of the UK. London is situated on the Thames. The large cities of Great Britain are London, Birmingham, Glasgow, Liverpool. There are many rivers and lakes in Great Britain. The main rivers of GB are the Thames and the Severn. The British money are pounds.

The colours of the GB's flag are red, white, blue. The National emblem of England is rose. Ben Nevis is the highest point in the United Kingdom. It is located in the Northern Highlands in Scotland. Great Britain is not rich in natural resources. Coal and oil are the most spread natural resources of Great Britain. Cambridge and Oxford are Great Britain's oldest universities. Wheat, vegetables are grown by the British people in the agricultural sector.
