Nature is polluted

Present Simple Passive

am

is + V₃

are

What eco-problems are there in your region?

Which activities are good for the Earth and which ones damage nature?

- Rivers are polluted
- Forests are cut down
- New trees are planted
- Energy is saved
- Water is wasted
- The countryside is spoiled
- Ozone levels are destroyed
- Air pollution is reduced
- Animals are disturbed
- Towns are built instead of forests

I think it is good that ...

I don't think it is good when ...

Fill in the verb, using necessary form! (Group work)

- 1. Glass bottles by people. (reuse)**
- 2. Trees down in our country. (cut)**
- 3. Birds and animals by people. (kill)**
- 4. Litter in the forests. (leave)**
- 5. Children to protect nature.
(teach)**

Check!

1. Glass bottles **are reused** by people.
2. Trees **are cut** down in our country.
3. Birds and animals **are killed** by people.

What is the eco-picture of our hometown?

Rivers			destroyed
Air			disturbed
Forests	is		protected
Animals		not	polluted
Wildlife	are		spoilt
Litter			thrown into water
Pollution from cars			reduced
Water pollution			recycled

What must you remember if you want to be eco-friendly?

Some children think it is possible to save the environment by recycling. Is recycling so important?

Homework

Упр. 5 стр. 71

Look how beautiful our nature can be...
