

Saint Valentine's Day

This presentation is made by a pupil of the 7th form
Simatchkova Vika

**Saint Valentine's Day is on the 14th of February.
It is the traditional day of lovers.**

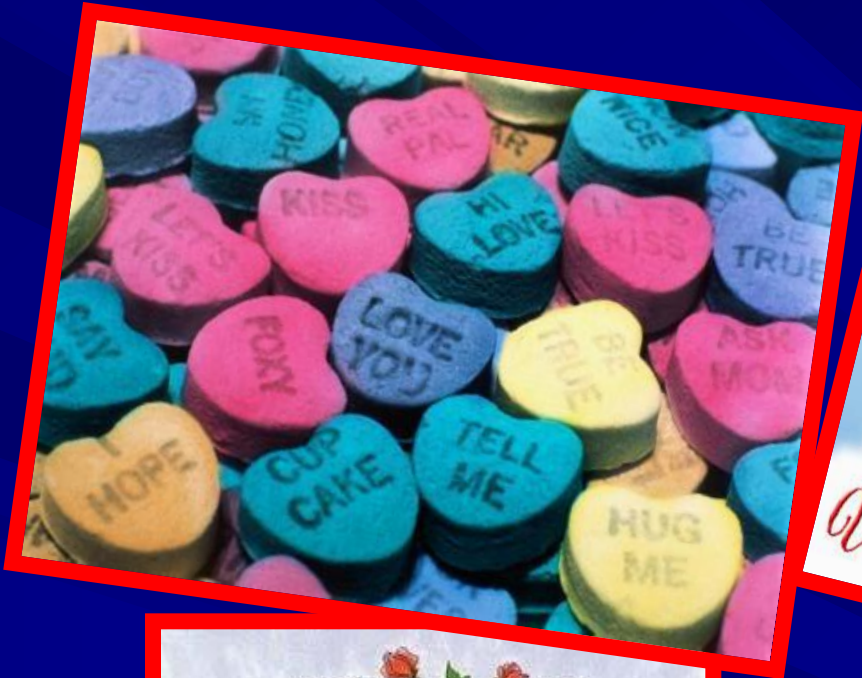

In early times people believed that on this day birds choose their mates.

More than two centuries ago people began to send pretty Valentine cards.

Nowadays there are a lot of different cards for this celebration in Britain.

The most popular Valentine's cards are humorous.

A red rose is a sign of romantic love.

*Be my Valentine
just one more time!*

On Valentine's Day people give each other red roses or chocolates in red boxes that look like hearts.

I wish you happy Valentine's Day!
