

Лилейные

Дикорастущие лилейные

A close-up photograph of vibrant green grass blades. The blades are covered in numerous small, clear dew drops that catch the light, creating a sparkling effect. The background is a soft-focus field of similar grass, creating a sense of depth and texture. The overall color palette is a rich, natural green.

Природой бережно спелёнутый,  
Завёрнутый в зелёный лист,  
Растёт цветок в глуши нетронутой -  
Прохладен, хрупок и душист.

**ЛУК**

A photograph of garlic on a wooden surface. On the left is a whole, unpeeled garlic bulb with a long stem. To its right is a partially peeled garlic bulb, showing several cloves with their papery skins. In the foreground, a single, peeled garlic clove is shown. The background is a light-colored wooden surface with visible grain.
