

Урок по окружающему  
миру  
3 класс

A group of approximately ten small, colorful birds are perched on a thin, brown branch. The birds exhibit various plumage colors, including shades of blue, grey, white, and brown. Some birds have bright blue heads and backs, while others are more muted. They are clustered together, with some facing forward and others turned away. The background is dark and out of focus, suggesting an outdoor setting. The word "ПТИЦЫ" is overlaid in a large, red, serif font across the center of the image.

*ПТИЦЫ*

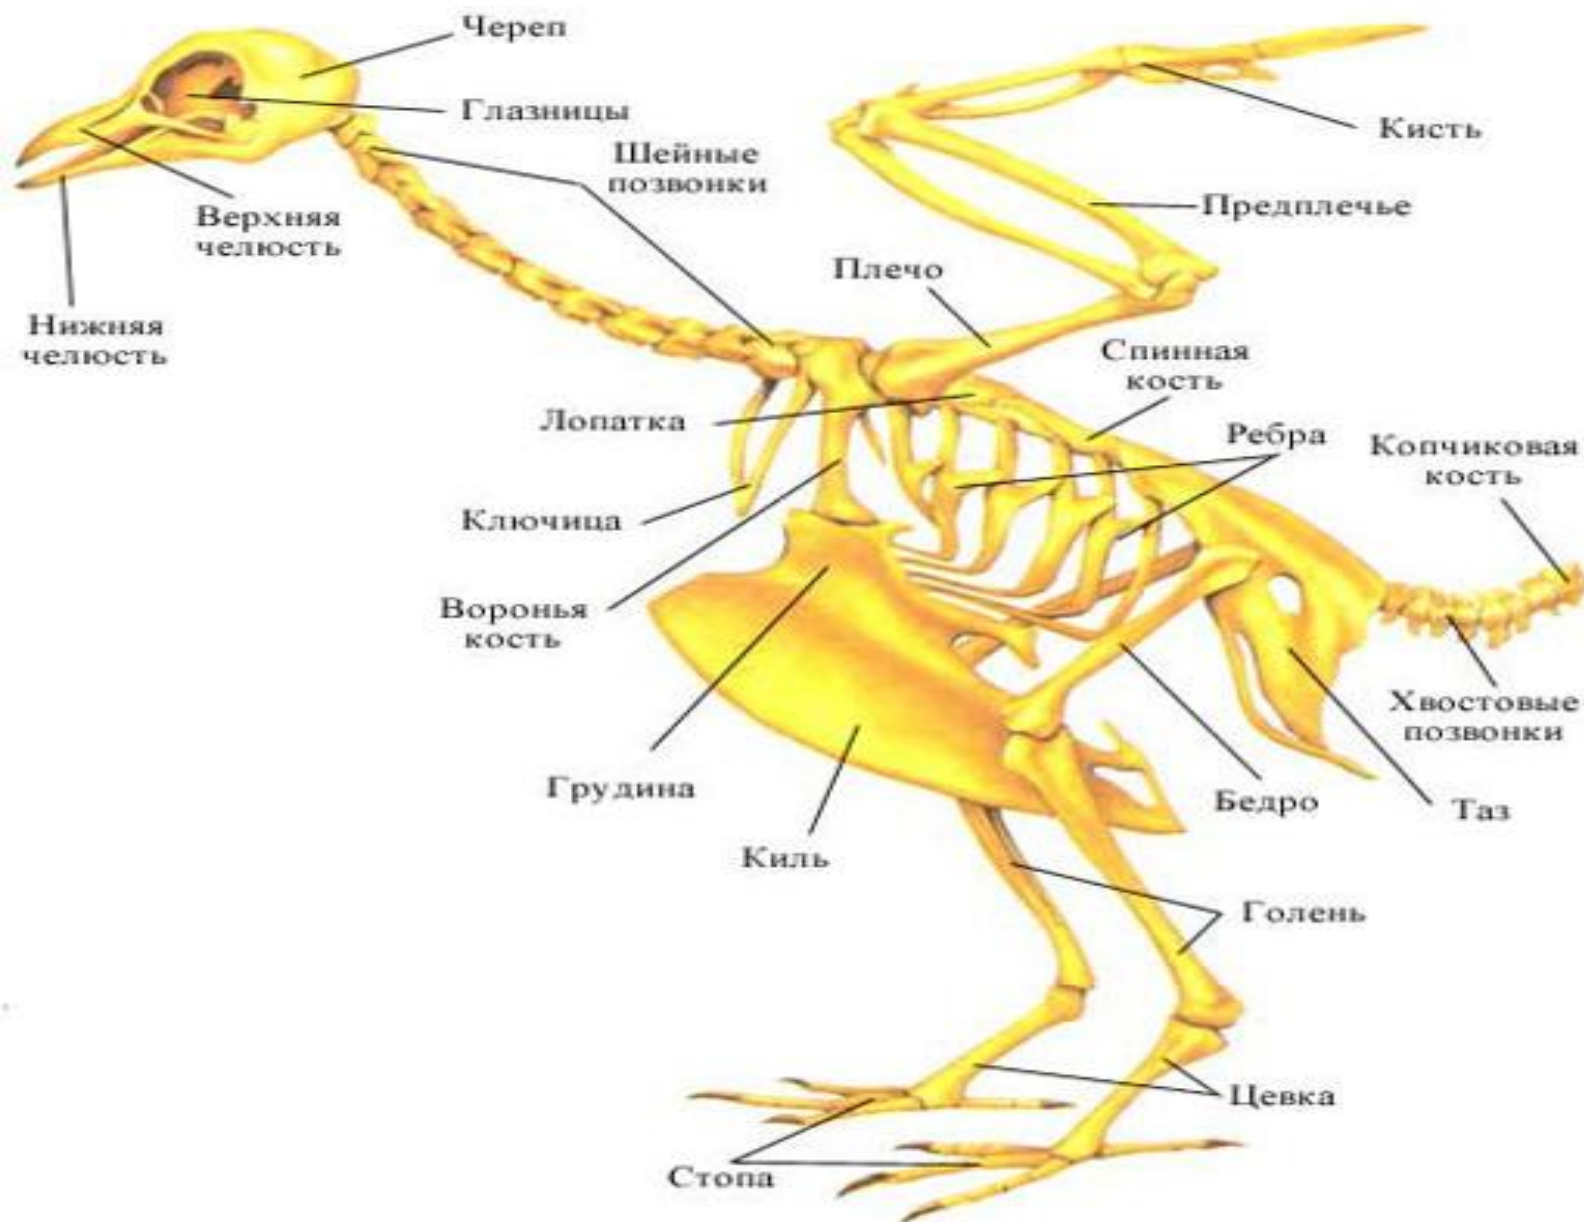

# Позвоночные животные

# Строение скелета птиц

# Перелетные птицы

# Зимующие ПТИЦЫ

Спасибо за урок!
