© Robert Bateman. 1970.

A serene winter forest scene featuring tall, snow-laden evergreen trees. The ground is covered in a thick layer of snow, and numerous white snowflakes are captured in mid-air, creating a soft, hazy atmosphere. A bright light source, possibly the sun or moon, is visible through the trees in the upper center, casting a gentle glow. The overall color palette is dominated by cool blues and whites, evoking a sense of calm and tranquility.
