

A high-speed photograph of a water droplet falling into a pool of water. The droplet is suspended in mid-air above the surface, and it has just made contact, creating a series of concentric ripples that spread outwards. The water is a deep, vibrant blue, and the lighting highlights the spherical shape of the droplet and the texture of the ripples.

СВОЙСТВА ВОДЫ

Вода -это жидкость

Вода безвкусная

Вода прозрачная

Вода не пахнет
