

*Много есть
чудес
На свете,*

**Человек их
всех
Чудесней.**

***Но себя лишь он
любил***

*И природу
погубил.*

A surreal painting featuring a woman with a large, intricate, multi-colored headpiece that resembles a forest or a complex web of textures. She is looking upwards with her right hand raised, reaching towards several floating leaves. Each leaf contains a different miniature scene, such as a landscape, a ship, a figure, or a group of people. The background is a dark, textured blue and black, suggesting a night sky or a deep, mysterious space. The overall style is highly detailed and imaginative.

Он никак не мог понять,
Что природа- наша
мать!

A large industrial lumber yard filled with stacks of cut logs. In the background, several large cranes are visible against a cloudy sky. The foreground is dominated by numerous logs of varying sizes, some stacked neatly and others scattered. The overall scene depicts a busy logging or wood processing facility.

***Вырубаются
леса,***

A large, dark pipe extends from the right side of the frame, discharging a thick, brown, polluted stream of water into a body of water. The water is surrounded by green reeds and grasses. In the background, a larger body of water is visible, with a shoreline featuring several houses and a fence. The text "Реки загрязняются," is overlaid in the center of the image.

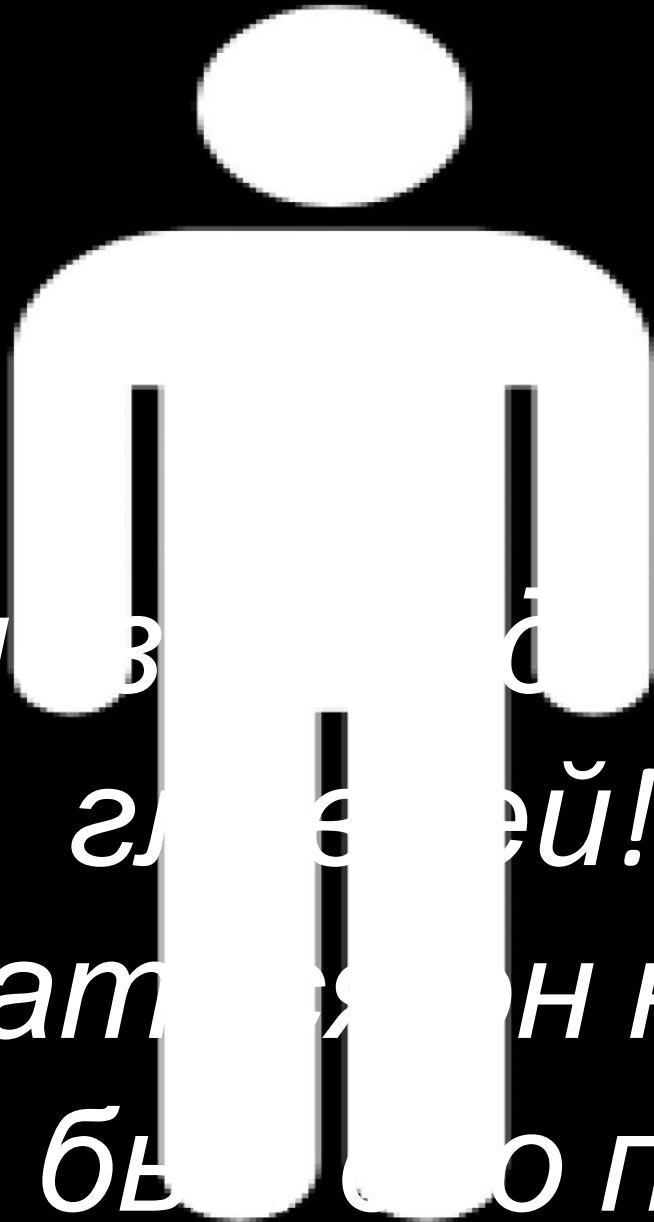

***Реки
загрязняются,***

A close-up photograph of a fish, possibly a salmon, splashing in dark, polluted water. The water is heavily contaminated with a thick layer of brown, oily sludge. The fish is in the center, its body partially obscured by the splashing water and the dark pollution. The background shows more of the polluted water with some lighter, foamy areas.

*И вода у нас в реке
Нам уже не
нравится.*

*Нет теперь в лесах
зверей*

*Человек — это все
главное!*

*Удержатся он не смог,
Это был его порок.*

A scenic landscape featuring a calm pond in the foreground, a wooden bridge in the middle ground, and a dense forest of tall trees in the background. The foreground is dominated by vibrant pink azaleas in full bloom, which are reflected in the water. The overall atmosphere is peaceful and natural.
