Professional excellence

Project №1 in Russia

PwC Russia is an official provider of professional services to the XXII Winter Olympics and XI Winter Paralympics in Sochi in 2014

Working with Sochi 2014 we advise the Organising Committee on preparing and planning the Games.

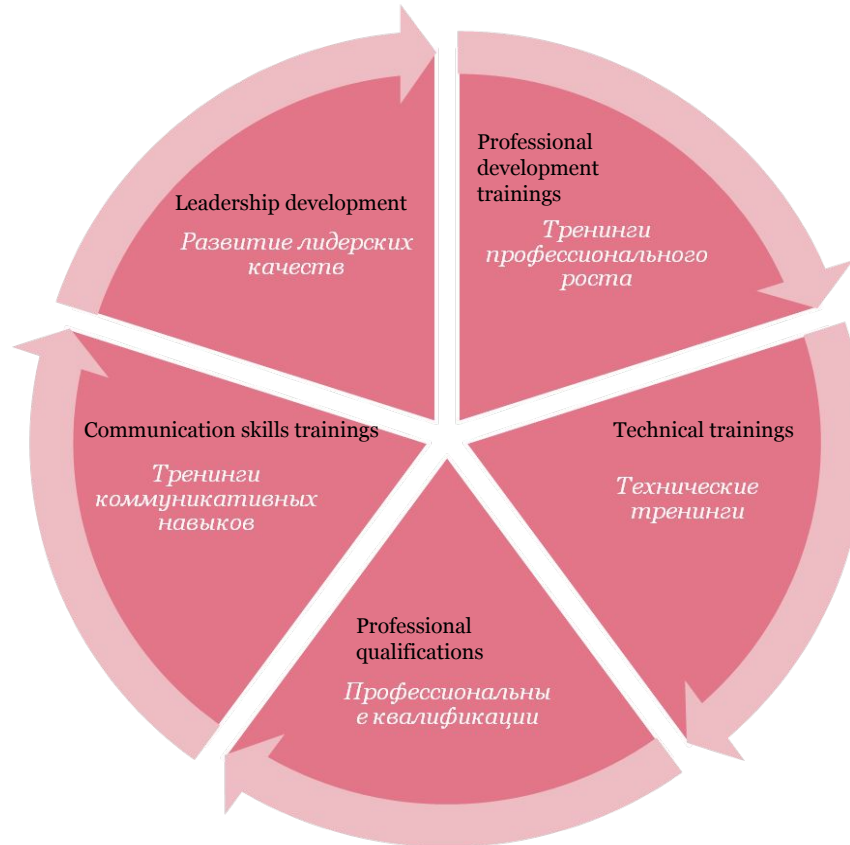

In addition we implement specific projects in such areas as budgeting, taxation, personnel management, purchases, technologies, planning, sustainable development, etc.

Cooperation with the Sochi 2014 Organising Committee provides an opportunity for our people to work on the interesting high level projects.

Unique training and development opportunities

Professional qualifications

Professional qualifications constitute an important part of our trainings and an integral part of the career with PwC.

Unique training and development opportunities

ACCA (Association of Chartered Certified Accountants) Programme

ACCA is a key internationally accepted qualification for our assurance practice and some business advisory groups.

700 students are annually trained under the ACCA programme

230 ACCA members work in our firm

14 examinations should be passed by a student on his way to ACCA membership

5 weeks is an ACCA on-site training period for an employee during the first year of his work

100% support is provided by the firm to all employees passing ACCA examinations for the first time

Unique training and development opportunities

PwC offers over 20 specialised qualifications

Area	Qualification
Audit and accounting	ACA (CFAB) – Association of chartered accountants in England and Wales (Certificate in finance, accounting and business) CPA – Certified public accountant
Internal audit	CIA – Certified internal auditor
Management accounting and consulting	CIMA – Chartered institute of management accounting
Financial analysis, investments and corporate finance	CFA – Certified financial analyst
Project management	PMI – Project management institute

Unique training and development opportunities
