

Home rules for children

Kolnoshenko Liza

Home rules for children

- There are a lot of rules for children at home.

If children are at home alone, they mustn't take any scissors, bottles of chlorine, matches and other unsafe things in their hands.

Home rules for children

- Children mustn't take a shower alone, because they can sink.

Also they mustn't sit at the windowsill, so children can fall and break a leg or a hand.

Home rules for children

- Children mustn't open the door to the strange people, these people can be thieves.

Children mustn't use medicines without parents' permission, because they can die.

Home rules for children

- Gas is very dangerous. If at home it smells gas, you must call to gas service, so you can poison.

Children mustn't touch electrocute it can happen the closing of electricity and the fire begins. It is very dangerous.

Home rules for children

- When the fire starts a child must call to the fire service. In such way a child can save himself. и нуяша

If children use these rules, it will be easier to live. You must be careful every day. You must protect yourself from different and dangerous situations.

Home rules for children

Fire can burn
Fire can heal
Fire can destroy
Fire can create
Fire is my enemy
Fire is my friend
Fire can kill
Fire can save

Fire is here Fire is there
Fire is not here Fire is not
there
Fire will burn forever
