

Цели:

- активизация и обогащение словаря по теме «Домашние птицы»;
- закрепить знания детей о внешних признаках, повадках птиц;
- совершенствование умений образовывать притяжательные прилагательные, существительные множественного числа, уменьшительно-ласкательную форму существительных;
- развитие связной речи, умений ребенка отвечать на поставленный вопрос;
- •развитие мышления, зрительного внимания.

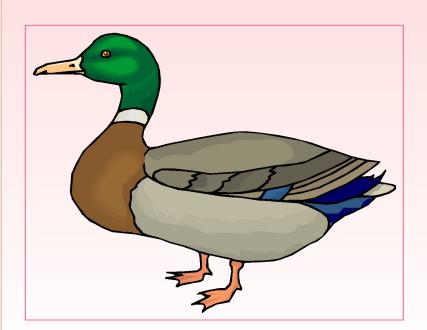

Ход игры:

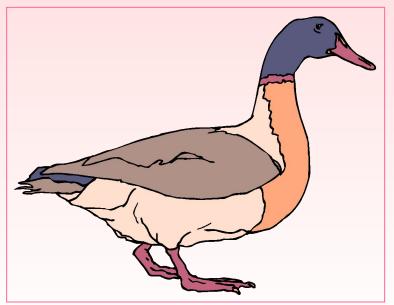

Просим ребёнка называть появляющиеся картинки.

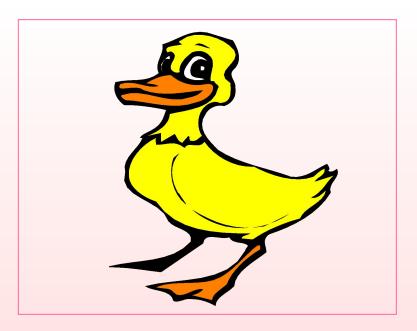

- Какая картинка лишняя, какая не подходит к остальным?
 После ответа ребёнка кликаем мышкой и лишняя картинка меняет цвет фона.
- Объясни, почему она лишняя?

Ребёнок может назвать и другую картинку. Важно, чтобы он смогобъяснить вам, почему именно эта картинка лишняя.

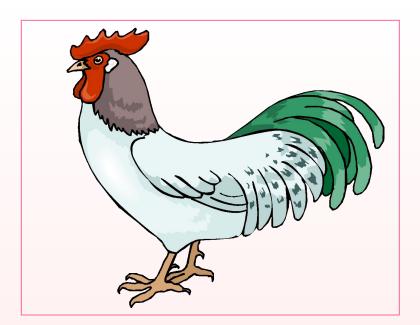

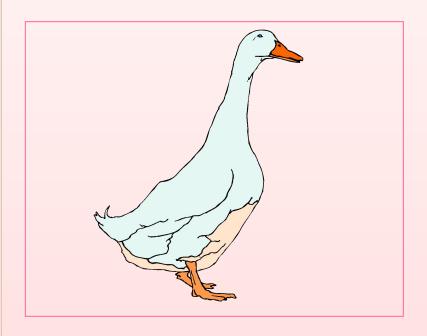

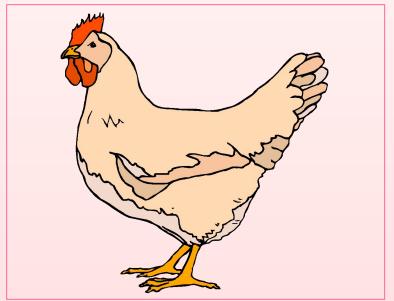

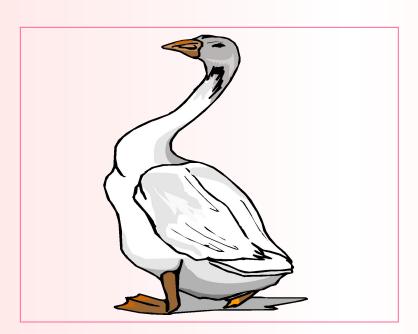

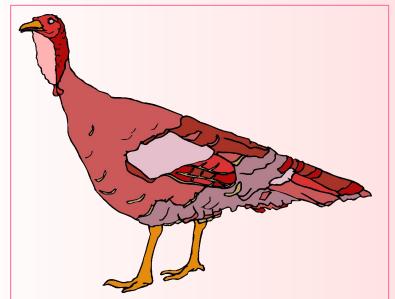

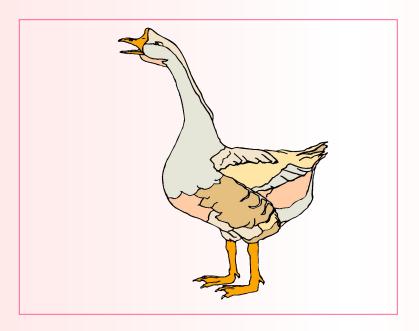

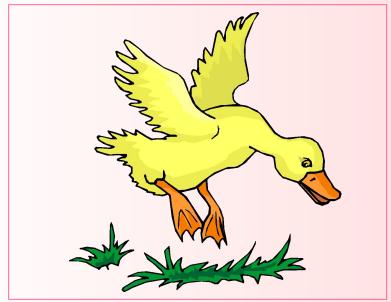

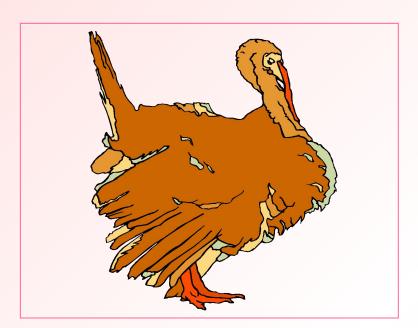

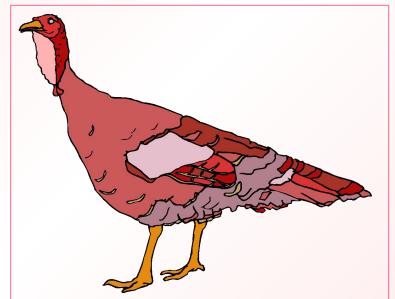

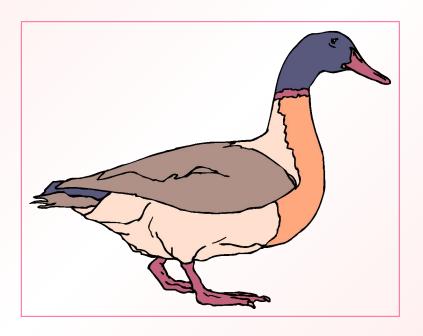

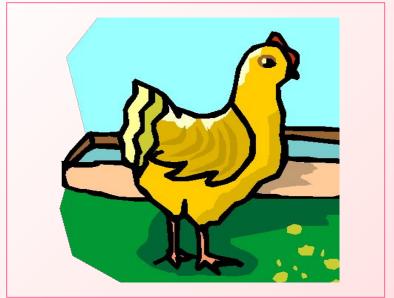

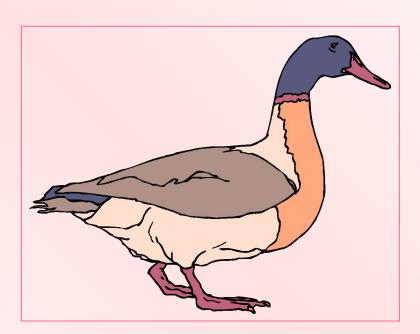

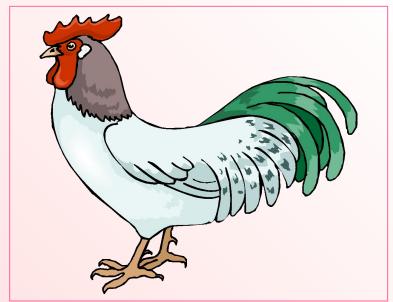

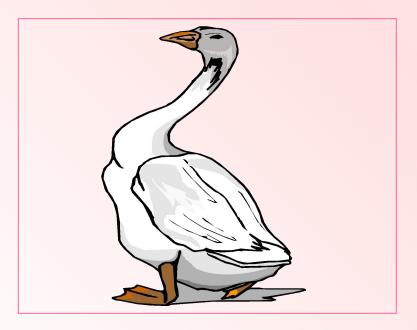

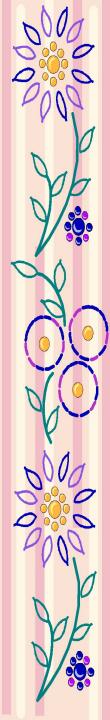

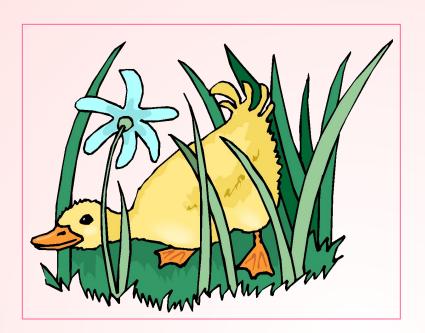

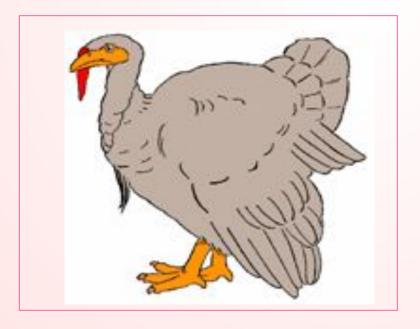

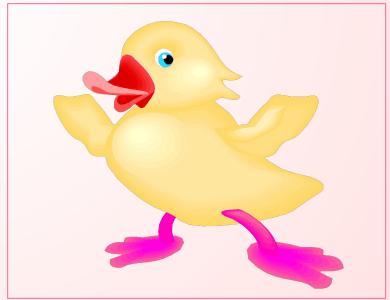

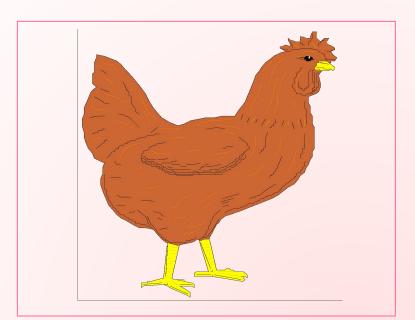

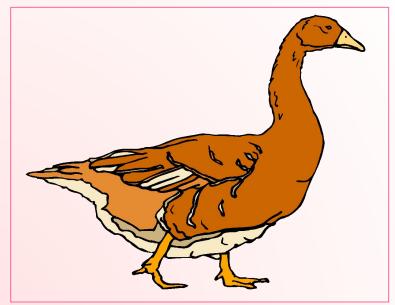

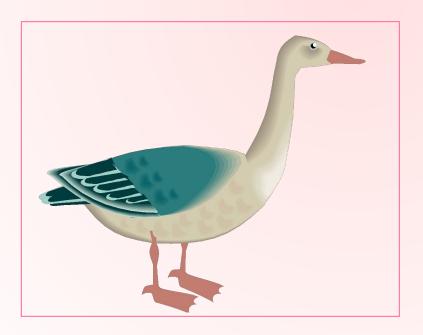

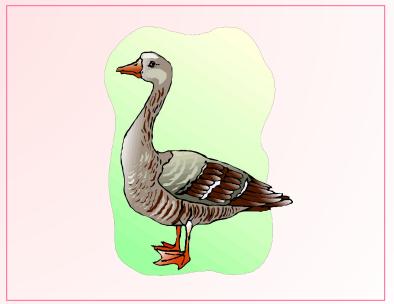

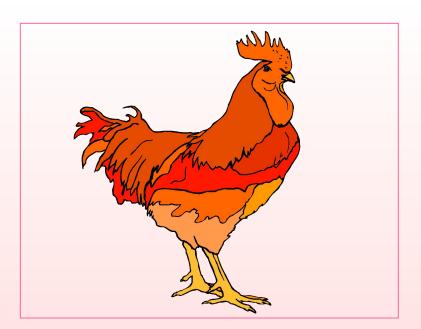

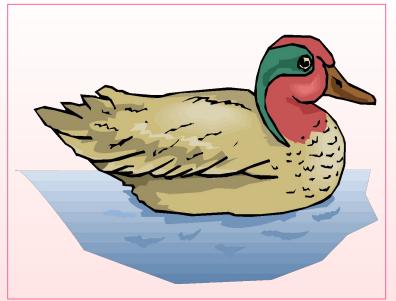

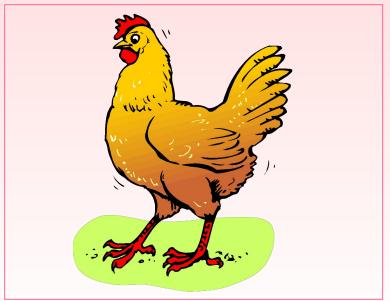

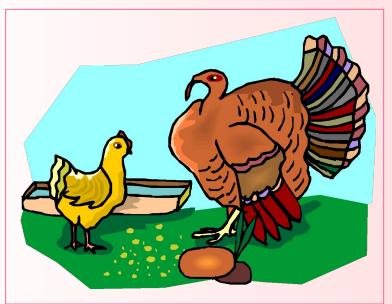

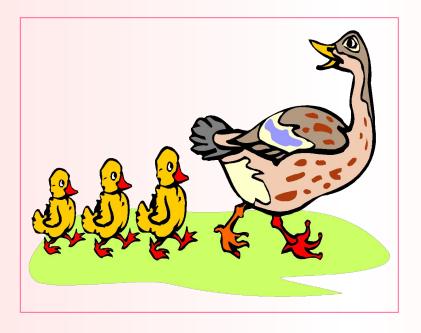

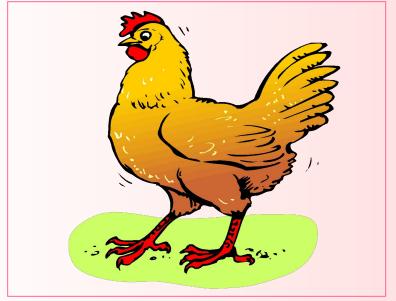

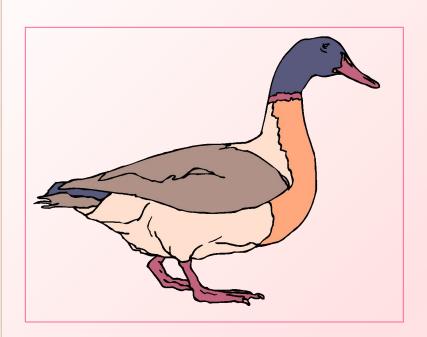

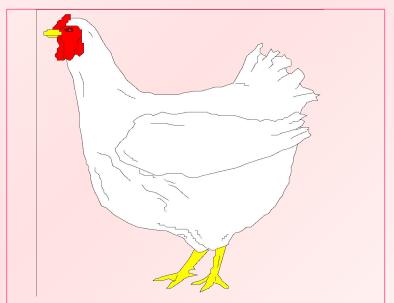

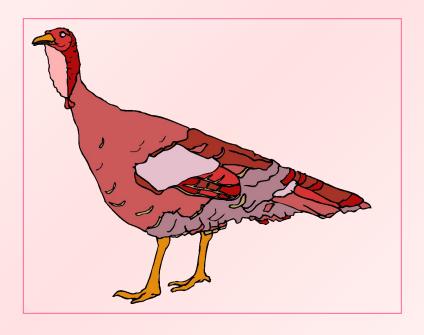

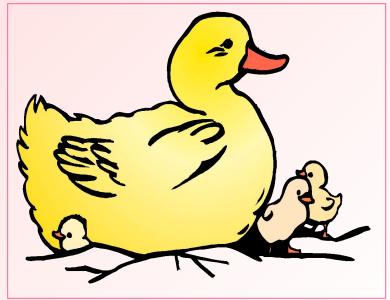

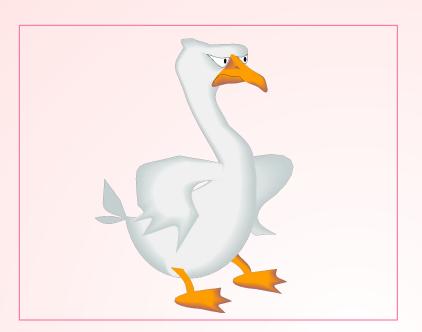

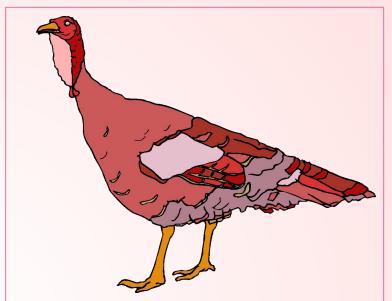

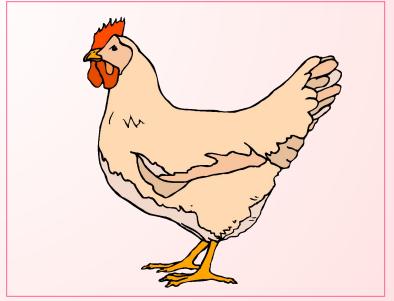

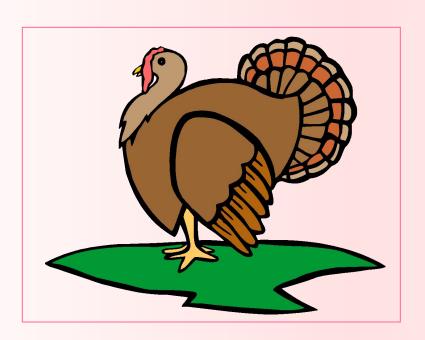

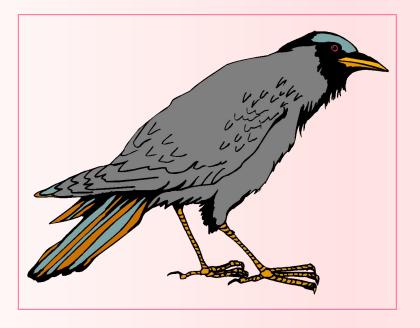

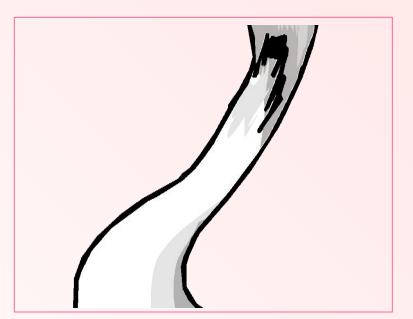

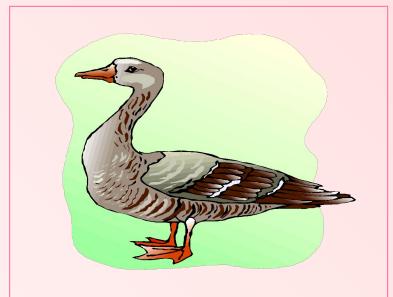

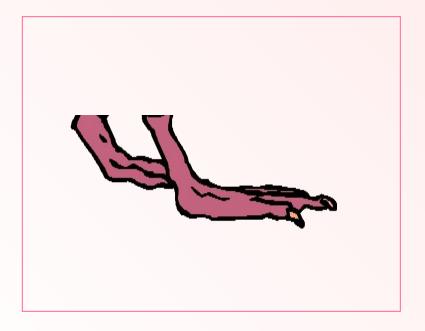

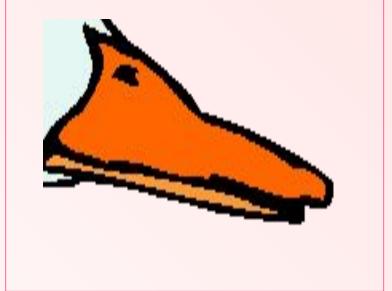

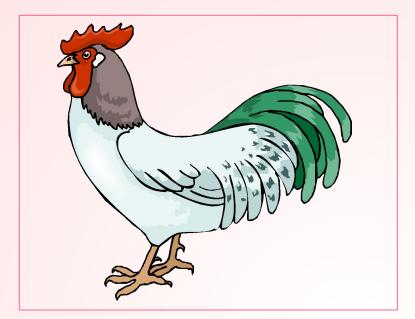

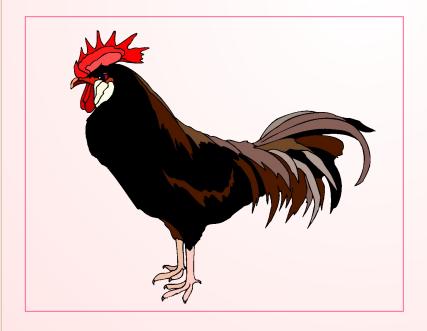

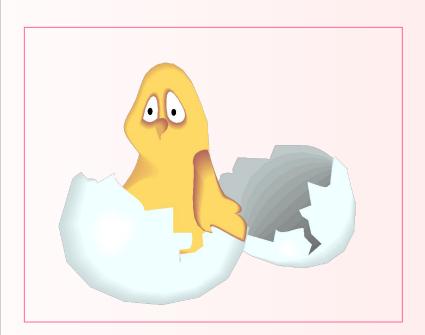

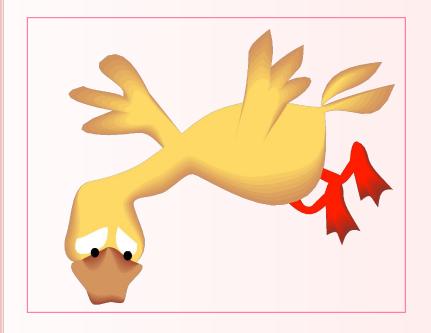

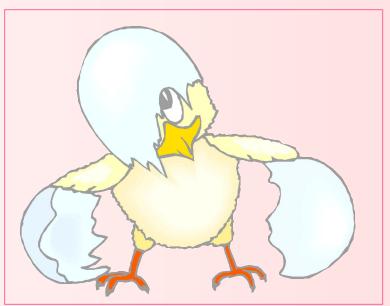

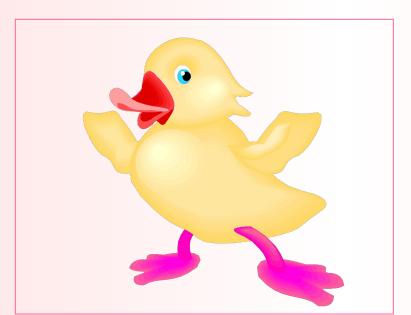

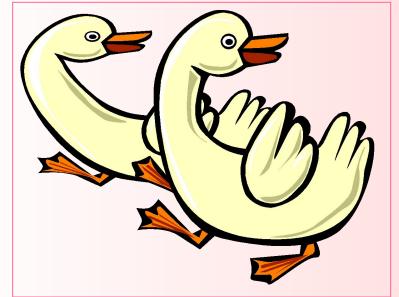

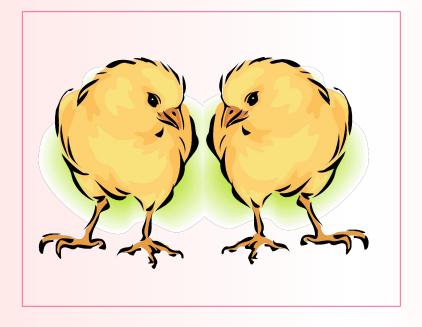

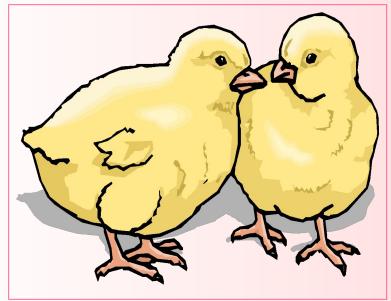

Молодец
