

Логопедическое занятие

Тема: « Части тела »

**Выполнил: учитель- логопед
ГБОУ школа-интернат №113 г.о. Самара
Саранцева Нина Юрьевна**

...the patient's oral health. The dental professional should be able to identify and address any issues that may arise during the procedure. This includes monitoring the patient's vital signs, ensuring proper anesthesia administration, and being prepared to handle any complications that may occur. The dental professional should also be able to provide clear instructions and reassurance to the patient throughout the procedure. The goal is to ensure a safe and successful outcome for the patient.
