Dear friends!
How are you? Thanks for your letters and photo. We were very glad to see it. We are at the English lesson in our computer class at the moment. It is an unusual lesson for us, because we have not got enough computers in our school yet and cannot work with them at every lesson. So we email the letter for you on occasion. We send you our class photo and sights of our town. Best wishes.

The Manager,
Happy Pizza Restaurant,
5 New Square,
Vladimir 600007

Dear Sir / Madam,

I am writing in reply to your advertisement in our local newspaper Vladimir Novosty for salespeople to work in your new outlet. At the moment, I am a third-year student at Vladimir Teacher Training College studying English and Spanish. I would like to work for you in order to experience, at first hand, an organisation which has western roots but has developed for the last decade very successfully in Russia. I have been a customer of your restaurants several times and always been impressed by the service provided by your staff. I am hoping that I shall now have a chance to help give this sort of service to other customers.

Apart from helping on the farms in my home village at harvest time, I have had no real work experience yet, but from my farm work, I know how to work in a team. However, I hope that you will be kind enough to give me an interview so that I can explain myself better. I have also given my e-mail address above so that you can contact me that way if you wish.

I am enclosing my CV for your consideration.

I look forward to hearing from you.

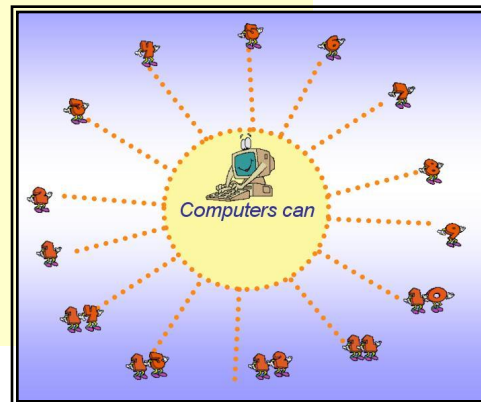

Yours faithfully,
A. Popov
