

# Ремесла на Кубани

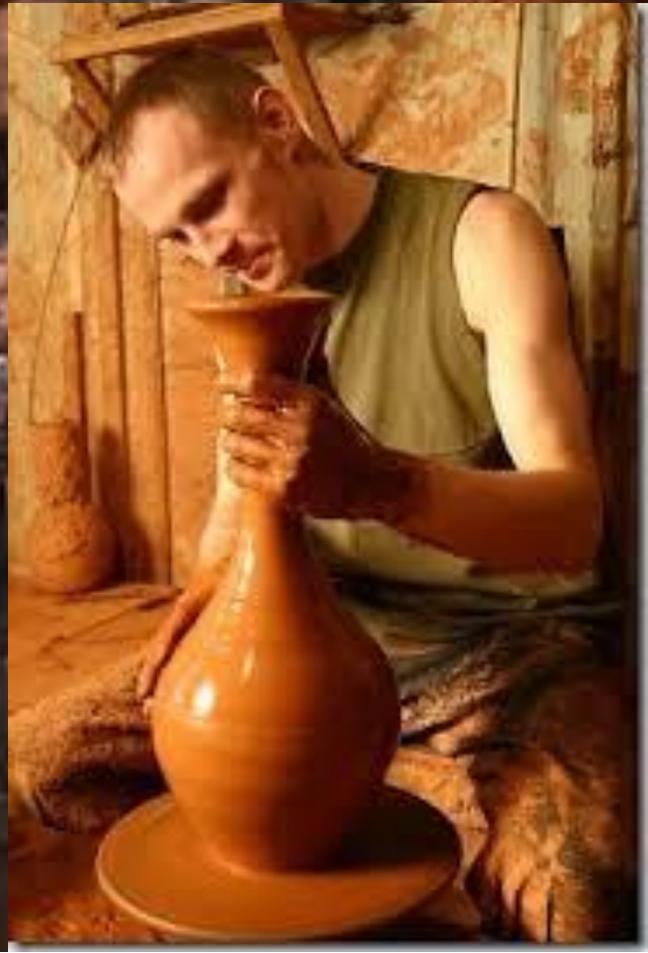

The background of the image is a dense display of various hand-painted ceramic items. There are numerous plates and bowls, each decorated with intricate, colorful patterns and designs. The colors used include blue, yellow, green, red, and white. Some items feature floral motifs, while others have abstract or geometric patterns. The items are arranged on a wooden surface, possibly a table or a display stand, and the overall scene is vibrant and rich in detail.
